**PROPERTY DESCRIPTION**

The forthcoming shopping center development is strategically situated at the southwest intersection of Clinton and Marks Avenues in Fresno, California, spanning approximately 9 acres, inclusive of the adjacent O'Reilly Auto Parts. This premier location offers unparalleled visibility and direct, convenient access to the U.S. Freeway 99 and Freeway 180 interchange.

Anticipated to serve as a cornerstone for commerce, the proposed development is poised to attract a diverse customer base, catering to the daily needs of residents both east and west of Freeway 99. There exists a clear demand for further retail expansion to meet the burgeoning needs of the community.

Moreover, the interest from developers and builders underscores the significant potential for growth in West Fresno. This momentum has already translated into additional residential options and the establishment of new educational institutions, including a collegiate stadium and a comprehensive K-12 education complex, reflecting a concerted effort to enhance the area's infrastructure and quality of life.

**TRAFFIC INFORMATION**

There are an estimated cumulative **107,837±** projected cars traveling per day through Brawley, Valentine, Marks and Clinton Avenues.

In addition, there is an average of **105,373±** cars per day traveling on State Hwy 99 at the Clinton Avenue on/off-ramps contributing to the steady traffic in close proximity to the subject site.

**TRAFFIC FLOW**

Clinton Avenue is one of the few streets in Fresno where traffic can cross Freeway 99. The intersection of Clinton and Marks is the first intersection west of Freeway 99 on Clinton Avenue, making the amount of traffic passing through this intersection on a daily basis substantial.

**HIGHWAY 99 IMPROVEMENTS**

Due to the California High-Speed Rail Project, the off-ramps and overpass at Clinton Avenue have been modified and widened and other existing off-ramps in the area have been closed making the Clinton Avenue off-ramp a significant access point to the trade area west of Freeway 99.
