

2-14 South Broadway

Denver, CO 80209

About

Main Character Retail: Located in the heart of South Broadway — one of Denver’s most vibrant and authentic retail corridors (think Williamsburg) — this sought-after location hosts an eclectic mix of independent boutiques, vintage shops, live music venues, trendy dive bars and speakeasy’s, and top rated restaurants that keep the district active day and night. This walkable, transit-oriented corridor blends historic character with strong momentum, anchored by landmarks like the historic Mayan Theatre and the upcoming \$4 billion Denver Broncos stadium. Ongoing city-backed infrastructure improvements continue to enhance the area’s safety, cleanliness, and accessibility. Situated south of downtown near Baker and Washington Park, the property offers exceptional visibility, strong demographics, rising land values, and steady pedestrian and vehicle traffic — creating a rare opportunity to position your brand in one of Denver’s most recognizable commercial districts.
