EXECUTIVE SUMMARY

Located on the Miracle Mile section of Rockford's dominant retail corridor, 3800 – 4010 E. State St. Shopping Center is an iconic shopping center that has been a well known gathering point since its construction in the 1960's.

A long time home for many local businesses, the center has received interest from national brands in recent years, including CSL Plasma in 2017, The Salvation Army in 2019, and for 5 years served as the Amazon hiring facility until it consolidated this function into its latest distribution center in mid 2025. The free-standing Subway and On State restaurants continue to bring traffic to the center's front door, and being located just to the east of Rockford's primary DMV, provides a steady flow of visitors to the immediate area.

3800 – 4010 E. State St. is poised to begin its next phase of management and development and offers an exceptional opportunity for an engaged, hands on owner seeking significant upside.

MARKET & INVESTMENT HIGHLIGHTS

With a healthy combination of long time tenants and new arrivals as well as national brands partnered with locally based businesses, 3800 – 4010 E. State St. has maintained a strong presence in Rockford's east side retail offerings. The E. State St. corridor has been the dominant retail corridor for the Rockford MSA and, with its wealth of tenants, is expected to remain so for the foreseeable future. With E. State Streets growth now reaching I-90 to the east, new demand is shifting back west with tenants infilling openings in established centers. Surrounded by housing that is now seeing a younger owner as new buyers purchase well-built existing homes in long-time desirable neighborhoods, 3800 – 4010 is well positioned to see a resurgence in demand for convenient shopping from the surrounding population.

Starting at 9.46%, 3800 – 4010 is expected to see NOI return climb to just under 15% during the projected 5-year holding period. Leveraged cash returns have the potential to grow to over 25% .

While being offered at a 9.46% current cap rate at 72.4% occupancy, 3800 – 4010 E. State St. offers an exceptional opportunity for an engaged investor to achieve substantially higher above market returns.

ROCKFORD MSA OVERVIEW

Located close to the Chicago metro area, but having its own defined market, the Rockford MSA encompasses just under 800 square miles and a population of approximately 334,124. The area's proximity to Chicago, as well as Madison and Milwaukee, WI, serve to keep the metro area vibrant and thriving with area businesses and professionals having significant interaction with these larger markets.

Rockford has long served as a regional retail draw with communities as far west as the Mississippi River coming to Rockford to shop. North, south and east data indicates that shoppers come from as far as an hour away to enjoy the easy and affordable shopping that Rockford provides. The area's lower cost of living relative to its larger neighbors also provides its residents with a higher disposable income available for shopping, restaurants and services.

The area enjoys a highly skilled workforce with concentrations in aerospace engineering and design, healthcare, logistics/distribution and manufacturing. The area employment opportunities include a healthy mix of professional and manufacturing/trade positions with regional, national and international companies as well as many businesses based in Rockford.

The area has three hospitals and four healthcare systems, a university, community college and numerous trade schools. Area amenities include an extensive park system, several city owned performance event venues, several large athletic facilities, two professional sports teams (hockey and baseball), water park and the 2024 opening of the Hard Rock Casino. The Chicago/ Rockford International Airport is in FTX #176, is home to UPS's 2nd largest US sorting station and provides commercial consumer flights daily.

All of the above not only benefit Winnebago and Boone County residents, but have a strong regional draw, bringing hundreds of thousands of visitors to the area annually. 2024 (latest data available) reached a record breaking \$523.4 MM in visitor spending with preliminary 2025 data indicating another record year.
