# ZONING - USE TABLE

## ARTICLE 4 - USE REGULATIONS

### Contents:

#### 4100. General Provisions

#### 4101. Use Tables

#### 4102. Use Standards

### 4100. General Provisions

1. All land uses are listed in the two tables in Section 4101. Table 4101.1 addresses the land uses allowed in the conventional zoning districts (the Residential, Commercial, and Industrial Districts) and Table 4101.2 addresses the land uses allowed in the Planned Districts (PDH, PDC, PRC, PRM, PCC, and PTC Districts). The land uses allowed in each zoning district are identified in those tables as permitted (i.e. by right), special exception, special permit, accessory, associated service, or administrative permit uses. Each use is subject to the applicable general and use-specific standards that are referenced in the right-most column of the tables, and to all other applicable requirements of this Ordinance.
2. When a proposed land use is not listed in Table 4101.1 and Table 4101.2 below and is not otherwise prohibited by law, the Zoning Administrator will determine its appropriate use category and the most similar listed use.
3. No structure or use of land may be built, moved, remodeled, established, altered, or enlarged unless it complies with all regulations of this Ordinance.

### 4101. Use Tables

#### 1. Use Table Instructions and Abbreviations

- A. A "P" in a cell of Table 4101.1 indicates that the use can be established by right in that zoning district, subject to compliance with related use standards.
- B. A "√" in a cell of Table 4101.2 indicates that the use can be established only when identified on an approved final development plan in the PDH, PDC, PRM, PCC, or PTC Districts, or when identified on an approved PRC development plan and, if applicable, a PRC plan in the PRC District, in accordance with subsection 8100.2. All uses must comply with related use standards. If the cell containing the "√" is in a column under the subheading "Secondary," the use can only be established with one or more principal uses.
- C. A "√/SE" in a cell of Table 4101.2 indicates that the use can be established only when it complies with Section 2105 and related use standards as follows:
  - (1) The use must be identified on an approved PRC development plan and, if applicable, a PRC plan in the PRC District, or on an approved final development plan in any other P district; or
  - (2) The use may be established with approval of a special exception by the Board when the use is not specifically identified on a final development plan, development plan, or PRC plan, as applicable. When a use is being considered for approval as a special exception, the related special exception or special permit use standards apply.
  - (3) However, when a use is being considered for approval on a development plan in the PRC District or a final development plan in any other P district, the special exception or special permit use standards are used as a guide.
  - (4) When a standard is identified as required in all instances of a particular use, it is mandatory.
- D. An "SE" in a cell of Table 4101.1 or Table 4101.2 indicates that the use can be established only with Board approval of a special exception in accordance with subsection 8101.3 and related use standards.
- E. An "SP" in a cell of Table 4101.1 or Table 4101.2 indicates that the use can be established only with BZA approval of a special permit in accordance with subsection 8101.3 and the related use standards.
- F.

An “A” in a cell of Table 4101.1 or Table 4101.2 indicates that the use is allowed only as accessory to, in connection with, incidental to, and on the same lot with a principal use or structure that has been legally established in a district. In addition, the Zoning Administrator may allow any use as an accessory use, provided that it meets the definition of an accessory use.

- G. An “AP” in a cell of Table 4101.1 or Table 4101.2 indicates that the use is allowed only with approval of an administrative permit by the Zoning Administrator.
- H. An “A+” in a cell of Table 4101.1 or Table 4101.2 indicates that the use can be established as an associated service use if it conforms to the related use standards.
- I. If a cell in Table 4101.1 or Table 4101.2 contains more than one approval type, there is more than one possible way to establish the use, as referenced in the related use standards for the specific use. For example, when a cell contains a “P” as well as an “SE” or “SP,” if the use does not meet the standards when permitted by right, it may be established with BZA or Board approval in accordance with the applicable special exception or special permit standards and procedures.
- J. A blank cell in Table 4101.1 or Table 4101.2 indicates that the use cannot be established in that zoning district.
- K. The right-most column in Table 4101.1 and Table 4101.2 references related standards that are specific to individual uses. It does not include references to other zoning standards governing uses that may apply to a particular use, including standards in subsection 4102.1, Article 2, and Article 3.

## 2. Structure of the Use Classification System

Allowable uses are organized according to a three-tiered hierarchy consisting of use classifications, use categories, and uses. This classification system is intended to provide a structure that groups similar uses together for ease in locating or identifying a use and to simplify the classification of new uses.

### A. Use Classifications

Each use is grouped under one of these seven broad use classifications: Agricultural and Related Uses; Residential Uses; Public, Institutional, and Community Uses; Commercial Uses; Industrial Uses; Accessory Uses; and Temporary Uses.

### B. Use Categories

Use categories are subgroups of uses in each classification that have common functional or physical characteristics, such as the type and amount of activity, types of goods, services, occupants or users/customers, or operational characteristics. For example, the Commercial classification is divided into multiple use categories, including Food and Lodging, Office and Financial Institutions, and Retail Sales.

### C. Uses

Uses are the specific land uses that can be established in a zoning district, such as restaurant, hotel or motel, or catering uses.
