# BAKERSFIELD, CALIFORNIA

---

Located in the growing outskirts of Bakersfield, this property offers exceptional visibility and accessibility along Highway 119, with close proximity to the heavily traveled Interstate 5 corridor. This prime positioning provides strong exposure to both local and through traffic, making it an ideal opportunity for a variety of commercial or investment uses. The property's strategic access to Interstate 5 allows for efficient transportation and logistics, offering valuable, quick routes for businesses moving goods throughout California. The surrounding area is experiencing significant industrial growth, with a steadily expanding network of distribution centers, manufacturing operations, and logistics facilities. In addition, the site is located in close proximity to several active oilfields, reinforcing its appeal to energy-related and supporting service industries, as well as other industrial users seeking to capitalize on the region's established infrastructure. Bakersfield itself is one of Central California's fastest-growing cities, known for its strong agricultural roots, expanding energy sector, and increasing commercial development. Its strategic location between Los Angeles and Northern California, combined with a business-friendly environment, continues to attract new residents, businesses, and investment opportunities.

***Pending M2 Zoning***

## DESCRIPTION

Exceptional investment and development opportunity in the growing industrial corridor of Bakersfield. This offering includes (3) 20-acre parcels, providing a rare large-scale footprint ideal for industrial, logistics, manufacturing, or long-term investment use. The property is strategically located in close proximity to Interstate 5, offering excellent regional connectivity for transportation, freight, and distribution access. The area is experiencing significant and ongoing industrialization and commercial expansion, making this a highly desirable location for future growth and development. A zoning change application has been submitted and fully paid, currently pending approval to rezone the property from Agricultural (AG) to M-2 Industrial. Once approved, this change will substantially enhance development potential and align the site with surrounding industrial uses. Application details and supporting documentation are available upon request. Additionally, the existing APN is planned to be subdivided into four separate parcels, offering flexibility for phased development, multiple users, or future resale strategies. Positioned within one of Kern County's most active growth corridors, this site benefits from expanding infrastructure, increasing commercial demand, and proximity to key transportation routes and regional activity hubs. A rare opportunity to secure significant acreage with entitlements in progress in a rapidly developing industrial market.

# HIGHLIGHTS

---

## INVESTMENT HIGHLIGHTS

- Prime location in Bakersfield's rapidly expanding industrial corridor.
- ±60 acres total across three 20-acre parcels.
- Ability to purchase parcels individually or in various combinations.
- Utilities available, supporting immediate or future development.
- Close proximity to Interstate 5 for major transportation and logistics access.
- Ideal for industrial, manufacturing, logistics, or distribution uses.
- Zoning change in progress from Agricultural (AG) to M-2 Industrial (application submitted and paid)
- Planned subdivision into four separate parcels for added flexibility.
- Suitable for phased development, multiple users, or investment resale strategies.
- Located in a high-growth area with increasing industrial and commercial demand.
- Strong long-term appreciation potential in an active development corridor.
- Excellent regional connectivity to major Central California markets.
