Local Area Overview

Ideally located on the Atlantic Ocean, the Savannah region is home to close to one million people and a skilled workforce that includes more than 4,000 military transitioning to the civil sector each year. Our 17 area colleges and universities with more than 81,000 students are producing a top talented workforce in industries ranging from creative and technical services to advanced manufacturing to healthcare tech and more.

With the largest landmarked historic district in the nation, more art galleries per capita than New York City, 22 grassy moss-draped squares, award-winning restaurants, nights filled with live music and film festivals and weekends relaxing on the beach, the good life is here.

The 2024 Savannah Economic Trends publication from Armstrong State University reports that special interest tourism activities such as visiting historic places, seeing cultural attractions and enjoying exceptional culinary experiences are in high demand among Savannah's leisure tourists compared to the national averages. Further growth in exceptional culinary experiences should continue to support interest in Savannah as a "foodie" destination. Similarly to past years, Savannah continues to receive much recognition for both its business and cultural richness.

Demographics

Savannah is the oldest city in the State of Georgia and is located in the far-east portion of the state along the Atlantic coast. According to 2023 US Census, by 2060, 1.4 million people will call the Savannah MSA home. Dynamic population growth, a robust business climate, and a thriving artistic and cultural community combine to create the highest quality work and home environments. Savannah's allure has been recognized nationally by Travel + Leisure as "Best U.S. Cities" (#4), "The South's Best Cities" (#2) by Southern Living and was named #1 for smaller cities in "Best Places to Live and Work as a Moviemaker" in 2020 by Moviemaker Magazine.

13% 10-year population growth rate, more than double the U.S. growth rate

Savannah Metro Area will add **more than 180,000** people from 2025 to 2060

44%

of the population has earned an **associate's degree or higher**
