678± ACRE RECREATIONAL RETREAT WITH LAKE & LODGING INFRASTRUCTURE

The 678± acre property is thoughtfully developed with a diverse mix of lodging and amenity structures, including five custom tree houses, four primitive cabins, a main lodge, a tack house, and two cottages, allowing for immediate use as a destination resort, retreat center, or private estate.

The 60± acre lake, offers exceptional recreational appeal for fishing, kayaking/canoeing, and swimming. The expansive acreage supports a wide range of outdoor activities such as hiking, horseback riding, and trail use. The property is further enhanced by established campsites and RV sites, providing additional flexibility for guest accommodations and revenue generation. The scale of the land and existing infrastructure also present opportunities for future expansion or programmatic development.

LOCATION

Located in the Ozark foothills, Washington County offers a strong combination of natural resources, recreational opportunities, and small-town character. The county's forests, rolling hills, lakes, rivers, and public lands support a wide range of outdoor activities, including hiking, camping, hunting, fishing, and horseback riding. Its proximity to Mark Twain National Forest, state parks, and historic attractions further strengthens Washington County's appeal as a destination for residents and visitors seeking outdoor recreation and a high-quality rural setting.
