Zoning Information	<p>C-3 zoning provides one of the most flexible and commercially attractive designations in San Antonio. It allows a wide range of retail, service, automotive, restaurant, and general commercial uses with fewer limitations than lower intensity districts. This level of permissibility supports high traffic businesses like convenience stores, QSRs, automotive service, liquor stores, and multi-tenant retail. The versatility of C-3 zoning strengthens the long-term value of the property by giving future owners the ability to adjust the site to meet changing market demand.</p>
