Recycle

ESG, sustainability and well working

The Akoya approach is to challenge the norm in the construction and property industry by investing, building and managing assets, guided by the UN Sustainable Development Goals.

Here are just some of the examples where we have made more sustainable choices:

Connectivity and Technology

Best-in-class connectivity through digital as well as community platforms. Reliable internet speeds.

Natural Capital

Creating spaces that foster biodiversity, protecting water, air, earth and all living things.

Local Community

Playing our part in the community, promoting social betterment, diversity and inclusion.

Climate & Environment

Aiming to deliver a net zero portfolio.

Wellbeing

Projects where air quality, temperature control, exercise amenities and natural light allow tenants to thrive.

Design

Breathing new life into existing buildings, by repurposing and reimagining.

Chair base and back made from recycled coffee and table top made from recycled suits

Worktop made from recycled yoghurt pots

Reused rafts from One New Change where landlord was sending to landfill

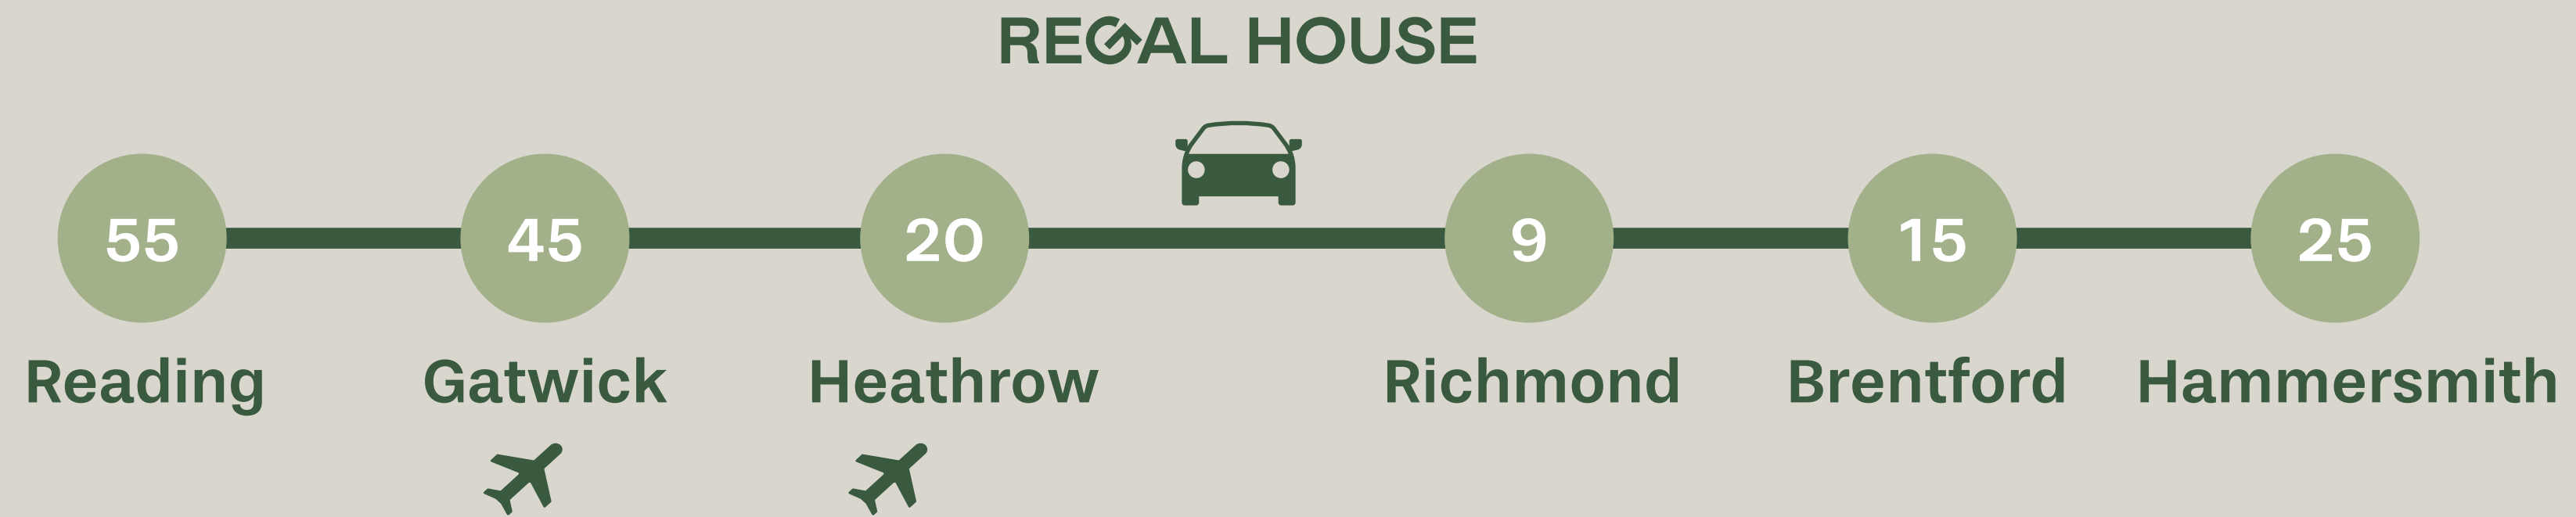

The refurbishment of Regal House has achieved a SKA rating of Gold. This means that sustainability has been considered in every choice throughout the project.
