## ABOUT WILLIAMS

Williams is a community located at the crossroads of Interstate 5 and State Route 20, 60 miles north of Sacramento and mid-way between the Sierras and the Pacific Coast.

Located in the heart of the Sacramento Valley, Williams is an agriculturally oriented community. Rice, tomatoes, vine and seed crops, walnuts, almonds, hay, grain, and cattle are raised in the area surrounding the city. Minnesota based cleantech leader Aymium closes \$210 million financing with global investors for advanced biocarbon production facility in Williams, California ([see link here](#)).

Williams was founded in 1874 and was first known as Central. Due to its central location virtually equidistant between Seattle and San Diego on the I-5 Freeway, a major transportation route linking Canada with Mexico.

The City of Williams is the gateway to the Northern California hunting and fishing mecca. Also pheasant and dove hunting is available. The nearby foothill regions provide deer, elk, and wild boar hunters a challenge. The Sacramento River, 10 miles east, provides Salmon, Striper, Steelhead and Sturgeon fishing. Catfish abound in area canals and there is Trout fishing within easy driving distance. Numerous hunting clubs and game preserves are located in the near-by vicinity.
