

811 IRVING WICK

4,500 sq. ft. Manufacturing Space

Small Business Ready: The building at 811 Irving Wick Drive is well-suited for light industrial space with drive-in door access. The building includes an office suite, restrooms, and open floor plan production space. The building has had clean former uses having served as a facility for maintaining technical orders for the U.S. Air Force and as a micro brewery.

In Good Company: The location is adjacent to operations for the U.S. Air Force, Boeing, and Behr Paint on a 350 acre campus.

Amenities: Parking is available just outside the building for employees and visitors alike. Access to a nearby 24/7 coworking space is also available for large meeting use.
