

An aerial photograph of a large commercial shopping center. The building is a long, single-story structure with a flat roof and brick accents. It features various storefronts, including a pharmacy and several retail stores. A large parking lot is filled with cars, and there are landscaped areas with trees and grass. In the background, a residential neighborhood with houses and trees is visible under a clear blue sky. A large black circle with a white border is overlaid on the top left of the image, containing the text 'WOODSHORE MARKETPLACE' in white capital letters.

GROW WITH THE LAKE JACKSON-CLUTE AREA YOUR NEW DESTINATION **BEGINS HERE**

The Lake Jackson–Clute area in Brazoria County, Texas, is a dynamic and growing market that blends industrial strength with residential appeal. Lake Jackson, originally established in the 1940s as a planned community for Dow Chemical employees, has evolved into a regional hub for petrochemical, manufacturing, and financial services. Major employers include The Dow Chemical Company, BASF Corporation, and Texas Dow Employees Credit Union (TDECU).

Residential development is thriving in both cities, with a focus on master-planned communities and modern housing options. Woodshore, a 205-acre mixed-use development spanning Clute and Lake Jackson, is the area's premier master-planned community, featuring approximately 350 single-family homes, lakes, trails, and adjacent retail at Woodshore Marketplace.

CLUTE, TEXAS

A CITY ON THE RISE

- The city's economy has been bolstered by the presence of major industries like Dow Chemical and construction companies.
- Brazoria County boasts a population of almost 350,000 and is experiencing more than four percent (4%) growth every five years.
- Clute has implemented a Livable Centers plan to enhance connectivity, diversity of housing options, and a sense of place, fostering economic development and job opportunities for their population of 10,893. (U.S. Census Bureau)
- Clute's future plans focus on becoming a more walkable, livable, and prosperous community. This includes initiatives like the Livable Centers study, which aims to create a sense of place, improve multi-modal access, and foster a mix of land uses. The city is also working on developing a recreational hub at Shanks Lake and redeveloping the former Central Auto Parts location.
