7-Eleven Charges Forward with Installation of 500 Electric Vehicle Ports by End of 2022, Providing Convenient Charging Options that Drive a More Sustainable Future

JUNE 1, 2021 (7-ELEVEN CORPORATE)

Owned and operated by 7-Eleven, the new DCFC ports will increase convenient charging options for EV drivers by adding to the company's existing 22 charging stations located at 14 stores in four states.

Once this expansion is complete, the company will have **one of the largest and most compatible fast-charging systems** of any retailer in the U.S. "7-Eleven has always been a leader in new ideas and technology to better serve the needs of our customers," said 7-Eleven President and CEO Joe DePinto.

7-Eleven, Inc. is accelerating its environmental ambitions. The iconic retailer is undertaking a massive installation project, with a goal of building at least 500 Direct Current Fast Charging (DCFC) ports at 250 select U.S. and Canada stores by the end of 2022.

Additionally, the company recently **"doubled-down"** on its original commitment and pledged to meet a **50 percent reduction of CO2** emissions by 2030. 7-Eleven set ambitious and measurable sustainability goals in 2016 as part of the company's commitment to operating a globally sustainable business. To help address the challenge created by climate change, the company planned to achieve a **20% reduction of CO2 emissions** from its stores by 2027. Instead, 7-Eleven reached this **20% reduction goal in 2019**, eight years ahead of schedule. This CO2 reduction equals the carbon sequestered by more than **349,000 acres** of U.S. forests in one year.

7-Eleven Expands Mobile Checkout Feature to Thousands of US Stores

JULY 13, 2021 (7-ELEVEN CORPORATE)

The frictionless shopping experience is a benefit of 7-Eleven's award-winning 7Rewards® loyalty program where members (rather, more than 50 million of them) can earn and redeem points on product purchases and receive coupons and promotional pricing.

As an incentive to try Mobile Checkout, for a limited time, 7-Eleven **is offering 10x the rewards** points for every purchase made using the new feature in the app.

7-Eleven was the **first convenience store** chain to develop proprietary technology for a full frictionless shopping experience from start to finish. Mobile Checkout works on both Android and iOS devices and is available for most **7-Eleven merchandise that has a bar code**. The company plans to expand Mobile Checkout to all US **stores by the end of 2022**.

7-Eleven, Inc. has expanded its new Mobile Checkout contactless shopping solution to an additional 2,500+ stores across the U.S. Using the 7-Eleven app, customers can quickly scan items and pay for purchases without ever standing in a checkout line. Mobile Checkout is now available in more than 3,000 participating 7-Eleven stores in 32 states including Washington, D.C.

"After over a year of living through the pandemic, Americans have a new perception of what convenience looks like. For many, it's a contactless **shopping experience without waiting in line**," says 7-Eleven Digital Senior Vice President Raghu Mahadevan. "Luckily, we were already testing Mobile Checkout and had begun **expanding 7NOW home delivery** to hundreds of markets before lockdowns occurred. It's what people expect from the world's leading convenience store — we plan to exceed those expectations and take the **in-store shopping experience to the next level.**"

BONUS DEPRECIATION

7-ELEVEN RIVERVIEW, FL

100% Bonus Depreciation for Qualifying Convenience Stores

What It Is

Full expensing of eligible property in the year it's placed in service—no depreciation over time. Permanently reinstated at 100% for qualifying assets under the One Big Beautiful Bill Act (OBBBA).

Investor Benefits

- **Tax Benefit:** Investors can deduct 100% of qualified property costs in the year placed into service. There is no expiration or phase-out.
- **Strategic Flexibility:** With bonus depreciation no longer time-sensitive, acquisition decisions can focus on fundamentals and timing that align with investor goals.
- **Convenience stores stand out for their bonus depreciation advantages:** 7-Eleven is the most viable net lease option currently eligible for bonus depreciation, as other corporate c-store brands typically sign ground leases that don't qualify.

future growth over
the next 10-years

Riverview is a suburb of Tampa located in Hillsborough County, and is consistently labeled one of the best places to live in Florida.

One of the oldest settlements in the state, Riverview was founded along the banks of the Alafia River.

The area's strong economic expansion has continued in 2020, once again among the nation's leaders for job and population growth rates.

Today, Riverview boasts a population of over 100,000, attracted by the average of 244 sunny days a year.

Apollo Beach is just a short drive away for access to one of the states' many premium beaches. Animal lovers can check out the manatee viewing center to spot sea cows and other aquatic life or explore Florida's marshland at Alafia Scrub Nature Preserve with hiking trails, bird watching and a scenic overlook. Just 15 miles from Tampa, the area's strong economic expansion has continued in 2020, once again among the nation's leaders for job and population growth rates. The sustained, long-term job growth has tightened Tampa's labor market to one of the best in the U.S., which has ultimately driven up wages and incomes across the metro. Over the past two years, Tampa has posted some of the highest income growth in the country, increasing the market's buying power and personal consumption, which has provided ample fuel for both strong retail and industrial demand. With a laid back beach lifestyle and the amenities of a large metropolitan area, Riverview will continue to grow as a destination and most desired place to live.

Phase 1 of Water Street Tampa district nears completion, developers look ahead to next phase

LARISSA SCOTT, JUNE 02, 2022 (ABC ACTION NEWS)

The Tampa City Council is holding the second public hearing on a development agreement for the next phase of Water Street Tampa, near downtown.

“Phase 1 is now **nearing completion**.

“The retail, the restaurants, the shops,” said Lee Schaffler, Chief Portfolio Officer for Strategic Property Partners. The Water Street **Tampa district** has come to life.

“It is pretty **incredible to see the sheer size** of this project and the number of buildings that came out of the ground in the last two years,” said Schaffler.

The newest building that just opened is Asher. It’s the third and final residential, multi-family building in Phase 1. It has 490 units.

“It’s our largest by unit count and also by amenity deck,” said Schaffler.

“Asher is really, to me, the epitome of what we’re trying to create with this sense of place and **ecosystem downtown** in the Water Street district,” he added.

A hundred of the units at Asher are short-term, furnished rentals. This is something the developers say is unique for the area.

“There’s been a lot of demand in the market for people coming down for a two-month assignment, a **three-month assignment**, a six-month stay,” said Schaffler.

It now has multiple restaurants and places to shop, live, and even get ice cream.

“We really felt as a master planner, as a developer, of this district that if we built them one by one we would always feel like we were **living in a construction zone** and we wanted that instant impact. We wanted people to feel part of the district, part of the ecosystem from day one,” said Schaffler.

10 projects to watch in 2022 as building boom continues in Tampa

CHERYL ROGERS, JANUARY 18, 2022 (83 DEGREES)

As the building boom continues in Tampa and the surrounding area, several architecturally significant developments in Hillsborough County -- from West Tampa to Ybor City to Plant City -- are worth watching in 2022.

In the works: **affordable housing** for West Tampa, more apartments for the Ybor City area, and a brand new hospital to replace the old one in Plant City.

“The trend is still for people to relocate,” says Jerel McCants, President of **American Institute** of Architects Tampa Bay. “All that is playing a factor with **development** on the west coast of Florida.”

One project that is expected to transform the West Tampa area, and provide affordable housing, is Rome Yard, a \$500 million mixed-use development by the Tampa Housing Authority and the Miami-based Related Urban Development Group.

Rome Yard is planned as a pedestrian-friendly neighborhood with multiple modes of public transportation, a Workforce Training Center, a Cultural Center, and an **Art Pavilion highlighting** West Tampa history. In about a year and a half, the Tampa Riverwalk is expected to cut through the property.

Related has made a commitment to hire **at least 40 percent** minority or women-owned businesses in the construction; that amounts to an estimated **\$75 million** in contracts.

Rome Yard is to include **900-plus apartments** and roughly 50 townhomes, which will be available for purchase, says Pete Van Warner, Related’s development manager in Tampa.

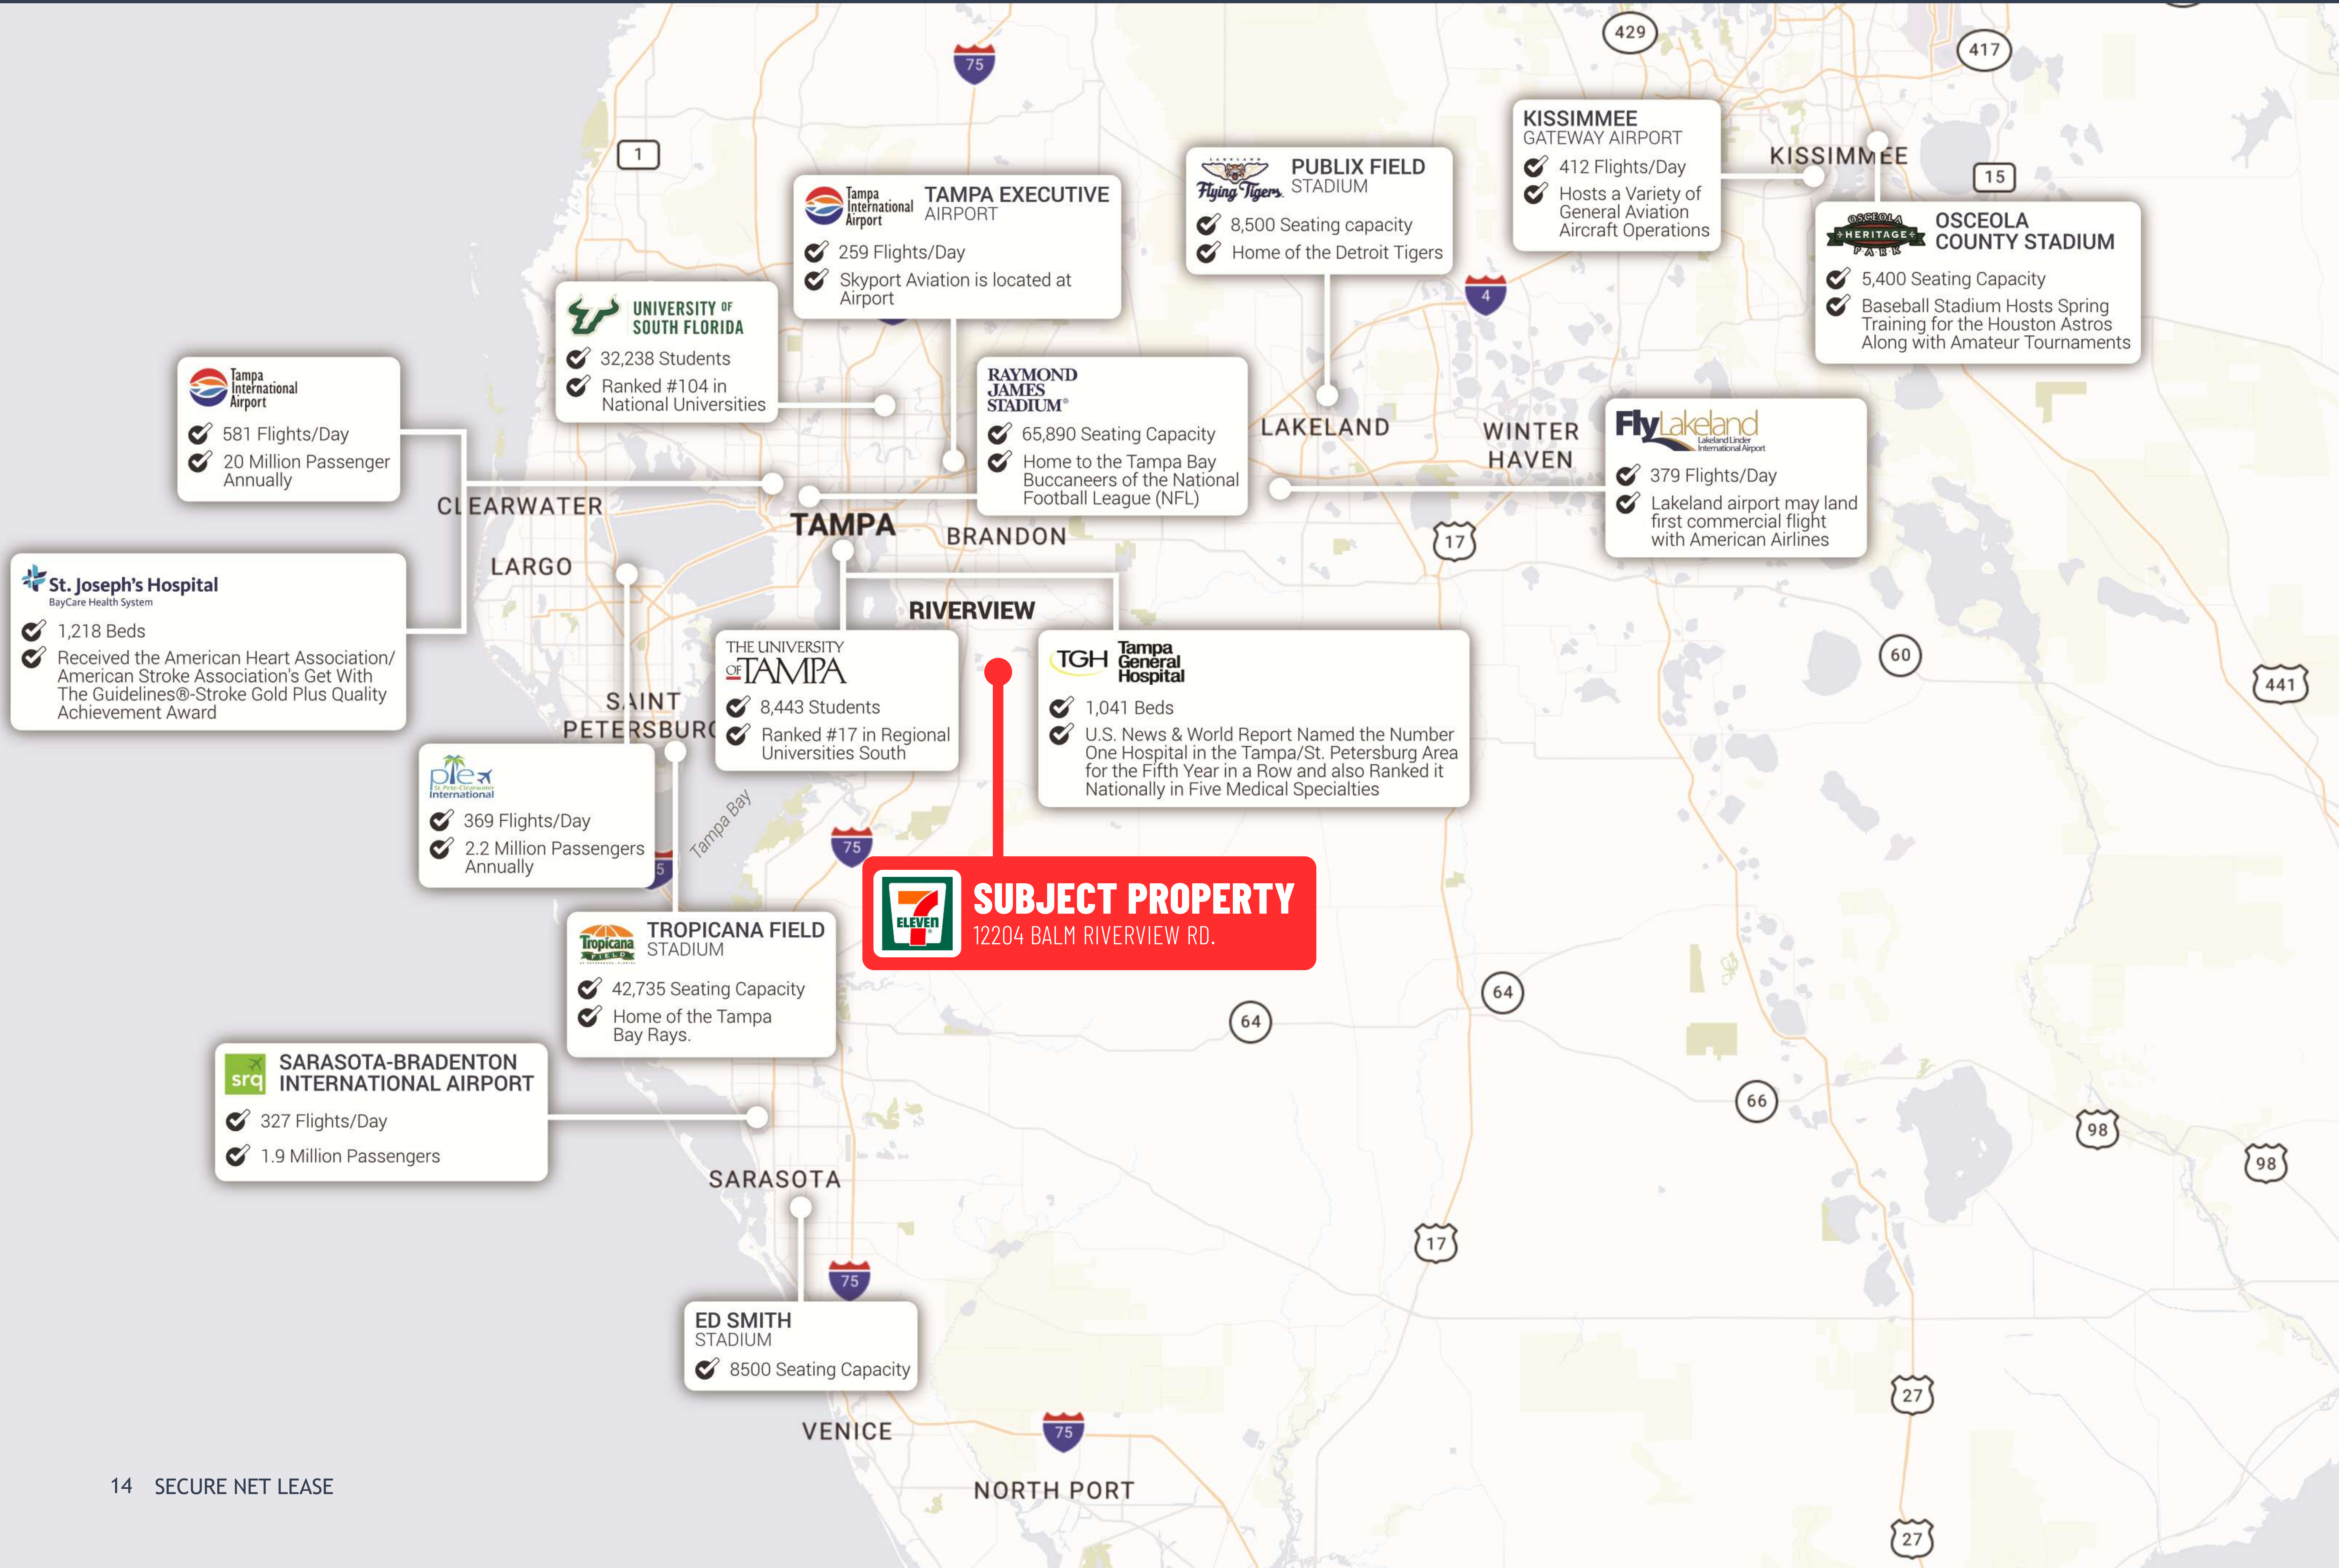

Construction is expected to begin as early as June at an **18-acre site** owned by the city of Tampa west of the Hillsborough River, east of Rome Avenue, south of Columbus Drive and north of Spruce Street in the West Tampa Community Redevelopment Area. The project is expected to take five to seven years to complete.
