California Sustainable Groundwater Management Act ("SGMA") & Surface Water Rights Disclaimer: The State of California enacted the Sustainable Groundwater Management Act ("SGMA") in 2014, requiring groundwater Basins and Subbasins to establish a Groundwater Sustainability Agency ("GSA") as governing bodies in addition to the creation of a Groundwater Sustainability Plan ("GSP"). Each GSP outlines the groundwater Basin's/Subbasin's plan to halt overdraft and achieve long-term sustainability by 2040. Draft GSPs for critically overdrafted high- and medium-priority basins were due to the California Department of Water Resources ("DWR") by January 31st, 2020, with draft GSPs for the remaining non-critically-overdrafted high- and medium-priority basins due to the DWR by January 31st, 2022. SGMA GSP's effects on groundwater wells and their ability to extract water may be curtailed, reduced, halted, and/or prohibited. Costs may also be incurred by the managing GSAs and related GSPs via assessments and/or rates of extracting groundwater (other costs may apply). Buyer/Recipient, Tenants, and their Representatives are strongly encouraged to consult with all Federal, State, and local Governmental Agencies, water attorneys, hydrologists, geologists, civil engineers, and water districts, in addition to the managing GSA(s) regarding the Property, its location and water rights within a groundwater Basin(s)/Subbasin(s), surface water rights, and its ability going forward to achieve Buyer's/Tenant's intended use and farming plan with regards to groundwater pumping and feasibility. Seller and Broker do not make any warranties or representations, express or implied, as to the effect of SGMA on the Property, the Property's location within a GSA or groundwater Basin/Subbasin, the GSP details/effects, or the measure, existence, ability, quality, quantity, or cost of groundwater and surface water relating to the Property. Additional information is available at: California Department of Water Resources Sustainable Groundwater Management Act Portal: <https://sgma.water.ca.gov/portal/>; California Department of Water Resources - Contact: <https://water.ca.gov/Contact>

* **Marketing Disclaimer:** Potential uses referenced herein are conceptual and subject to independent buyer investigation, applicable zoning, land-use approvals, agricultural contracts, environmental review, utility availability, water-resource verification and all required governmental entitlements.
