DWG Capital Group is pleased to offer 260 S. Hibbert for lease — a newly repositioned, urban-infill industrial opportunity in the heart of Downtown Mesa. The property now features newly demised floor plan options, creating a rare 3-4 tenant small-bay industrial opportunity for users seeking flexible space in one of the Southeast Valley's most compelling infill locations.

Following significant capital investment and repositioning, the asset can accommodate a wide range of tenants, including: traditional manufacturing, distribution, logistics, sports-based users, incubator businesses, creative industrial users, showroom tenants, and growth-stage operators.

With strong access to Gilbert, Chandler, Broadway, US-60, Loop 101, and Loop 202, 260 S. Hibbert combines central location, authentic character, functional utility, and flexible leasing configurations. *Leasing activity is already building*, with one space nearing execution and multiple inquiries on the remaining availabilities.
