

J BLOCK
OFFICE + RETAIL OPPORTUNITIES

WELCOME TO BRIDGE PARK

LIFE IN DUBLIN historically only offered the traditional suburban lifestyle. Bridge Park has changed that, placing visitors and residents in a vibrant walkable community where they can work, dine, live and play. Restaurants, bars, boutique shops and fitness facilities make Bridge Park a true destination, and Riverside Crossing Park provides the perfect gateway to the Dublin Link pedestrian bridge, connecting us to Historic Dublin. Two onsite hotels and an event center hosting up to 500 guests bring tens of thousands of visitors each year, and close proximity to I-270 attracts guests from all over Central Ohio and beyond.

J BLOCK OFFICE

AT BRIDGE PARK

Part of the \$125M+ J Block development at Bridge Park in Dublin, OH, the 104,200 SF office building and 504 space parking garage will provide balance to the block's public budget and bring Cenovus's American HQ to Dublin. As part of the highly successful Bridge Park district, the office building is steps away from excellent dining, retail, entertainment, and recreation offerings. Office tenants park in the attached parking garage. This four-story steel structure offers flexible floor plans, high quality finishes, and potential outdoor balconies. 10,000 SF of the first floor is imagined as restaurant/retail space for 1-2 users with prime outdoor patio opportunities.
