Top rated school district

Home of the PGA Tour Memorial Tournament

Host of the award-winning Dublin Irish Festival

Community and corporate wellness programs

2,000+ acres of parkland and 130+ miles of bikepaths

Building Permit Assistance

The City of Dublin has organized a cross functional team called Review Services to complete commercial plan reviews. The team is comprised of specialists from Building Standards, Planning, Engineering, and the Washington Township Fire

Department. Their purpose is to perform plan reviews in a unified and coordinated fashion for compliance with building, fire, engineering, landscape and zoning standards.

The Dublin economic development team attends permit review meetings on a regular basis to help facilitate the approval process - helping the company save time and money.

State of Ohio

JobsOhio exists to drive Ohio's job creation, new capital investment, and economic growth by being a leading provider of innovative business solutions to companies. Dublin's Economic Development team helps coordinate state incentives for businesses as well.

Performance-Based Incentives

The City may offer growing companies annual performance-based cash incentives based upon a percentage of actual payroll withholdings (2% of wages). Using job and payroll growth figures provided by the company, the City may propose multiple-year term annual payments equivalent to a set percentage of the total annual payroll withholdings paid to the City.

Grants

The City can help with growing pains. The may

provide a Technology Grant and/or Relocation

Grant to offset moves and/or technology upgrades to facilities.

Other incentives may be available based on the

company's needs and the project details. For

more information, contact:

City of Dublin Economic Development

www.ThriveinDublinOhio.com

5800 Shier Rings Road

Dublin, Ohio 43016

Phone: 614 410 4618

Email: business@dublin.oh.us

Please note - each negotiation is unique based on

company needs, and yields different outcomes.

All incentives require approval from Dublin City Council.

Healthy Workforce

FitBiz is a complimentary consulting service offered exclusively for Dublin businesses and organizations. Whether you already have an existing program in place or are just starting out, we'll design customized corporate wellness solutions that address your employees' needs and your company's overall wellness goals.

Choose from a la carte programs that fit into your current wellness strategy, or let us create a comprehensive program. We support you with nationally certified trainers and instructors, registered dietitians and experienced health professionals who are passionate about making positive change in your company.

BLAZER RESEARCH DISTRICT

Good neighbors

The Blazer Research District is home to a variety of organizations that create a unique blend of businesses, people, and energy.

- Alcatel-Lucent
- Ashland
- Battelle
- DNV
- Express Scripts
- Fanning Howey
- FastSwitch
- G-NAC (G-TEKT North America Corporation)
- Garden City Group
- Management and Network Services
- MMS
- Nationwide
- Navidea Biopharmaceuticals
- Nexeo Solutions
- OhioHealth
- PayChex
- Persistent Systems
- Sarnova
- Sygma
- York Risk Services

Ashland, a global specialty chemical company with business in more than 100 countries has expanded its product offerings to automotive, water treatment, pharmaceutical, construction, and more.

“The City of Dublin is aligned with Battelle’s mission to attract the best and brightest by providing a high quality community for people to work and live.”

Chris Ogden | Operations Manager, Battelle

Our brands speak for themselves

Battelle’s Production and Field Support (PFS) facility in Dublin manufactures high tech, specialized instruments for clients in the defense industry, the energy arena, and health and life sciences markets. As the world’s largest independent research and development organization, Battelle provides innovative solutions to the world’s most pressing needs by conducting \$6.5 billion in global R&D.

G-NAC (G-TEKT North America Corporation), was founded in Dublin in 2013. Owned by G-TEKT Corporation, which is headquartered in Saitama, Japan, G-NAC supports Honda North American automobile production. G-NAC is G-TEKT’s second Research & Development facility in the world. The company designs and develops parts and manufacturing equipment for automotive companies in North America. G-NAC’s mission is to contribute to a low-carbon society by fusing high quality, low-cost technologies with cutting-edge technologies.

Persistent Systems, a global software product development company based in India with U.S. headquarters in California, opened a Midwest office in Dublin in 2013. Persistent Systems utilizes fine-tuned product engineering processes to develop best-in-class solutions for customers in technology, telecommunication, life science, healthcare, banking, and consumer products sectors across the globe.

Sarnova is a leading specialty provider of healthcare products across the emergency medical services (EMS) and acute care continuum headquartered in Dublin. It offers more than 100,000 healthcare products to thousands of emergency care providers, hospitals, and advanced patient-care facilities nationwide.

DNV, a major research facility in Dublin, was asked by the U.S. Federal government to complete the primary investigation of the BP Deepwater Horizon disaster. Utilizing the expertise of its forensic investigation team in Dublin, DNV successfully completed their report in 2011.

District highlights

The diverse businesses and R&D-friendly zoning of the Blazer Research District help create a vibrant neighborhood that is ideal for successful businesses looking for any combination of office, laboratory, or research facilities.

Zoned for progress

The zoning code for this business neighborhood creates a predictable design and build process for developers, architects, and business owners, and opportunities for those forward-thinking businesses that are looking for more efficient and effective uses of space in research-based industries.

Great spaces still available

This business neighborhood is approximately 75% built-out, yet there are several prime locations available for large greenfield projects, including some with freeway frontage.

Highway access and frontage

The Blazer Research District includes nearly a mile of prime highway frontage along Interstate 270, one of Ohio's busiest freeways.

The businesses in this neighborhood have direct access to US Route 33/State Route 161 and two interchanges for I-270, which connects Dublin with Interstates 70 and 71, as well as the entire Columbus region.
