Executive Summary

The Offering

Tingley Lake Estates is a picturesque, age-restricted (55+) manufactured home community featuring 54 sites across approximately 39.09 acres in Klamath Falls, widely known as "Oregon's City of Sunshine." The community is uniquely positioned around Tingley Lake, offering residents a private, tranquil, and nature-oriented setting that enhances long-term tenant appeal and retention. The property consists of 40 manufactured home sites and 14 long-term RV spaces, along with a workshop and dedicated RV storage available to residents. Owners also previously secured permit approval for a 15-site RV expansion.

Current lot rents as of January range from \$550 to \$590 per month and include water (well), sewer (septic), and garbage service. The community is serviced by four wells, including one potable well reserved for irrigation, with one well replaced in 2022. The septic system was upgraded in 2020. Additional septic tank replacements have also been a part of recent capital improvements to key infrastructure. Electricity is directly billed to residents, while the 14 long-term RV sites operate on \$570 monthly leases with sub-metered electricity billed back, offering additional income stability and utility cost control.

Operations are supported by an onsite manager (retiring August 2026) responsible for rent collection, notices, leasing coordination, and day-to-day administrative functions, allowing for efficient oversight and consistent resident management.

Strategically located a short drive from the core amenities of Klamath Falls, the property benefits from proximity to major retail and service providers such as Walmart, Fred Meyer, Home Depot, and Big 5 Sporting Goods, as well as a variety of dining, healthcare, fitness, and entertainment options. The surrounding area is known for its strong recreational appeal, including scenic hiking and mountain biking, multiple golf courses, freshwater fishing, and access to regional attractions such as the Klamath Basin Birding Festival, the oldest birding festival in the United States, and Crater Lake.

With its stable tenant base, recent infrastructure upgrades, utility pass-through structure, and desirable 55+ private lakeside setting, Tingley Lake Estates presents a compelling opportunity for investors seeking durable cash flow, operational efficiency, and long-term value appreciation in a supply-constrained manufactured housing market.

Property Highlights

High-Quality Asset
Well-maintained community

Nearly 60% Mobiles are Multisection Homes
All quality residences

05

Location Overview

Klamath Falls, Oregon

Living in Klamath Falls, Oregon is appealing to many people because of its sunny climate, outdoor lifestyle, and affordability. The area gets close to 300 days of sunshine a year and has four distinct seasons, making it great for people who enjoy both warm summers and snowy winters. Nature is a huge part of daily life, with easy access to lakes, mountains, forests, and nearby Crater Lake National Park for activities like hiking, fishing, boating, skiing, and bird-watching. Housing and everyday living costs are generally lower than in much of Oregon and the West Coast, and Oregon's lack of sales tax helps stretch budgets further.

Another major draw is the small-town, community oriented feel. Residents often appreciate the slower pace of life, low traffic, and friendly atmosphere. Despite its size, Klamath Falls has local theaters, museums, farmers markets, and community events, along with schools and Oregon Institute of Technology. Healthcare and basic services are available locally, though some specialized care may require travel. Overall, Klamath Falls is a good fit for people who value space, nature, sunshine, and a tight-knit community over big-city bustle.

Outdoor Recreation in Klamath Falls

Crater Lake National Park is home to the deepest lake in the United States, formed within a collapsed volcano and renowned for its strikingly clear blue water. Visitors enjoy scenic drives, hiking, and cross-country skiing in winter.

Upper Klamath Lake offers year-round recreation including boating, kayaking, canoeing, windsurfing, camping, and trophy trout fishing.

The Pacific Flyway hosts more than 300 migratory bird species each year, making Oregon one of North America's most important birdwatching routes.

Winter recreation around Klamath Falls includes snowmobiling, snowshoeing, and cross-country skiing on groomed trails in nearby Sno-Parks and national forests, as well as skating, hockey, and curling at the Bill Collier Ice Arena in town.

The Running Y Ranch Golf course, an Arnold Palmer Signature Course, offers championship golf as one of Oregon's top public courses.

Visitors to Klamath Falls can enjoy community events like Klamath County Fair, the Kruse of Klamath Classic Car Festival, and the Snowflake Festival.

Rent Control in Oregon

Rent Capped at

6%

[LEARN MORE](#)

Effective September 2025, Oregon's House Bill 3054 replaced the previous CPI-based rent formula with a flat 6% annual rent cap for qualifying rental properties. This change applies to qualifying rental properties and removes CPI from the calculation, offering more predictability for landlords and tenants.

Vacancy Decontrol remains in effect, allowing units to be rented at market rates upon turnover. The legislation is intended to simplify compliance and reduce volatility in rent adjustments. It also reflects the state's broader effort to stabilize housing while maintaining investment viability.

Property Tax Treatment in Oregon

Annual increases in assessed property value are capped at 3%, per Measure 50. This limit helps stabilize long-term operating costs and applies unless triggered by major changes such as new construction or rezoning.
