WINERY & MICROBREWERY

Winery & Microbrewery is now available for purchase, offering a turnkey opportunity complete with all equipment, current product, and inventory. After decades of ownership, the proprietors are ready to retire, creating a rare chance to acquire this established business.

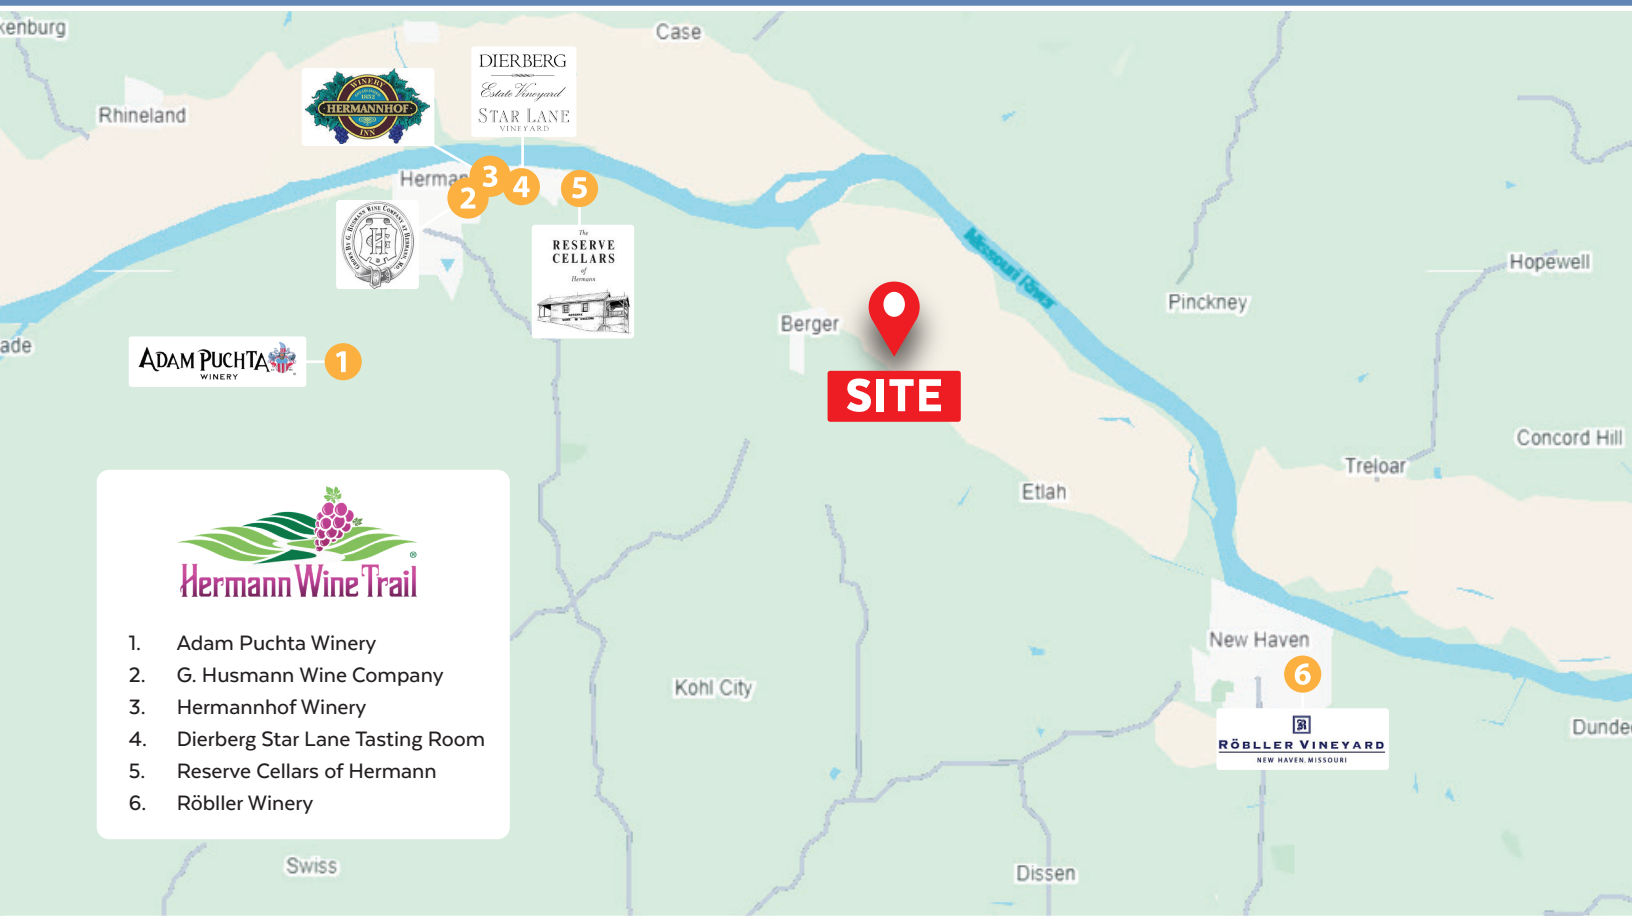

Located just east of Hermann in Berger, Missouri, and part of the renowned Hermann Wine Trail, the Winery is perched atop a bluff with views of the Missouri River bottomlands. The 6-acre vineyard can be enjoyed from the Tasting Room, as well as from indoor and outdoor seating areas, including a bandstand stage perfect for live music.

For year-round hospitality, the Hearth Room provides seating for up to 100 guests and features a stone fireplace, creating a warm and inviting atmosphere during the winter months.

With over 40 years in operation, the Winery holds the distinction of being Franklin County's first winery, and later, Missouri's first to combine both a winery and a microbrewery. This legacy business offers a unique blend of tradition, innovation, and potential for the next owner to carry forward.
