Scarne Mill Industrial Estate Road

Accommodation

Scarne Mill Industrial Estate is accessed off Landlake Road. The units are set towards the rear of the estate. A private concrete access road surrounds the site to the north and east. Site surfaces are finished with reinforced concrete hardstanding or stone chippings. The site perimeter is secured with galvanised steel Palisade fencing. Gates in the fencing provide access from the east to the parking area. Floodlights and CCTV cameras are included to exterior walls of units to light yard spaces and enhance site security.

Pedestrian access to Unit 1 is via a wicket gate in the electrically operated roller door opening directly in to the unit (**clear opening 4.08m and height of approximately 3.59m**). Note increased door height is available with the crane structure removed. A staff mezzanine block is located to the left of the roller door and includes stores/office (with window to main area), and an accessible toilet at ground floor and kitchen/welfare area (with window to main area), store/office and lobby to the upper floor. The approximate clear internal heights of the main area are **4.6m to eaves and 5.3m to ridge**. There are 6 rooflights providing natural light to the main area and 3 fire exit doors. The main area has a concrete block wall erected to protect the cladding during fabrication work (the wall is inset approximately 400mm from the measured cladding face. There is a DEMAG crane (2 ton capacity) above the main area (use subject to negotiation).
