Creating thriving cities

Bruntwood is a business led by one purpose, creating thriving cities. Our deep connection with the cities we work in sets us apart. Everything we have achieved over the last forty years has been with this purpose in mind.

The company is formed of two business units made up of Bruntwood Works and Bruntwood SciTech.

Bruntwood Works create workspace environments that help businesses thrive, no matter what size, shape or ambition. Whether you're looking for a single desk for the day or an expansive office suite for 25 years, you'll discover spaces to lead you to your most successful and rewarding work yet.

With more than 70 buildings under our banner in Yorkshire, the North West and the Midlands, we cover some of the UK's most exciting cities. Bruntwood Works does it all – development, design, and ongoing management – making us more of a property partner than a landlord. We want to leave places better than we found them, with flexibility and sustainability at the top of our agenda.

We are constantly active in the communities we've helped build. Our purpose fuels our passion for supporting arts and culture, our deep community engagement and our ambitious plans for future growth. It ensures every investment and decision we make benefits our customers, our communities and our colleagues; because when our cities thrive, so do we.

It's a simple philosophy: cities are only as vibrant and prosperous as the businesses within them. One stimulates the other. What impact will you make?
