Property Overview

Situated on 67.3 acres in Rogersville, Tennessee, 7500 Highway 11W offers a versatile industrial facility ideal for manufacturing, warehousing, and logistics operations. The property combines high-capacity utilities, multiple clear height zones up to 40'7", and both dock-high and drive-in loading, ensuring maximum operational flexibility.

Why 7500 Highway 11W?

- **Scale for Growth:** 258,335 SF with multiple clear heights up to 40'7" for racking, production, or oversized equipment.
- **Turnkey Ready:** Guard shack, truck scale, compressed air system, and on-site wastewater pretreatment included.
- **Power to Perform:** Massive 11,500 KVA electrical capacity supports heavy manufacturing and advanced automation.
- **Temperature Controlled:** Majority of the building cooled with upgraded chillers, cooling towers, and central air systems (2018–2019).
- **Efficient Logistics:** 13 dock doors, 8 drive-in doors, and AT&T fiber connectivity keep operations running fast and smooth.

Ready for Your Operation

With high bay warehouse space, heavy-duty construction, and extensive infrastructure already in place, this property offers a rare opportunity to accelerate your business with minimal downtime.
