Doing Business in Yuma

Yuma is located near the California/Arizona/Mexican borders, allowing companies to enjoy lower regulations and property taxes than California, while accessing a large labor pool. Overall, the cost of land, wages, utilities and taxes are much lower in the Yuma area.

Yuma is 172 miles away from San Diego, CA, 184 miles from Phoenix, AZ, 228 miles away from Tucson, AZ, and 38 miles from San Luis Rio Colorado, Sonora, Mexico, making Yuma the perfection location between these densely populated cities.

Yuma is gaining traction as a location for new manufacturing operations due to its lower cost of doing business (especially compared to California), labor availability, and its proximity to the Southern California market and Mexico. Recent activity includes:
