## PROPERTY DESCRIPTION

Singh Commercial Group | KW Commercial is pleased to present the Microtel Inn & Suites by Wyndham Aransas Pass / Corpus Christi, a 60-key, interior-corridor, Wyndham-branded coastal hotel strategically positioned within the rapidly growing Coastal Bend hospitality market.

The property represents a rare opportunity to acquire a cash-flowing branded hotel currently operating as the #1 RevPAR performer within its STR competitive set while still offering meaningful ADR upside through continued renovations and operational optimization.

The hotel benefits from four overlapping demand drivers including Port Aransas tourism overflow, coastal leisure travel, Port of Corpus Christi workforce lodging demand, and energy-sector related occupancy generated through Eagle Ford and Permian-linked industrial activity.

## MARKET & DEMAND OVERVIEW

Microtel Inn & Suites

### MARKET & DEMAND OVERVIEW

Aransas Pass occupies a highly strategic position within the Texas Coastal Bend hospitality market.

The property benefits from four overlapping lodging demand generators:

- Port Aransas tourism overflow
- Port of Corpus Christi workforce demand
- Energy & industrial lodging demand
- Coastal leisure travel

A \$64 million ferry landing upgrade connecting Aransas Pass and Port Aransas is currently underway and expected to significantly improve tourism accessibility and transportation efficiency throughout the market.

Unlike purely seasonal beach markets, the Coastal Bend benefits from diversified year-round occupancy drivers supported by tourism, energy exports, industrial infrastructure, and commercial port activity.

### METRO OVERVIEW

The Coastal Bend region is anchored by the Port of Corpus Christi the largest U.S. port by revenue tonnage and one of the nation's leading energy export gateways

Major regional demand drivers include:

- Port of Corpus Christi operations
- LNG and crude export infrastructure
- Eagle Ford & Permian-linked pipeline activity
- Coastal tourism and fishing
- Beach and boating tourism
- Industrial workforce lodging demand

Corpus Christi International Airport provides regional connectivity while the broader market continues to benefit from industrial expansion, population growth, and tourism investment..

## CAPITAL IMPROVEMENTS

Microtel Inn & Suites

### CAPITAL IMPROVEMENTS

- Ownership has invested approximately \$180K–\$300K+
- 13 renovated guest rooms
- Exterior repainting and repairs
- Pool deck resurfacing
- HVAC system upgrades
- Lobby improvements
- Keyless lock system installation
- Parking lot improvements
- EV charging stations
- Laundry equipment improvements

**The majority of the heavy renovation lift has already been completed, significantly reducing near-term capital requirements for new ownership.**

### REMAINING PIP OVERVIEW

Remaining Wyndham PIP obligations are estimated at approximately \$250K–\$300K and are expected to be phased over an approximate 24-month period.

Current ownership has already completed a substantial portion of the renovation scope, positioning a new buyer to focus primarily on ADR growth, revenue management optimization, and incremental room renovation execution.

The property's current STR performance demonstrates the effectiveness of the completed improvements and highlights the operational upside remaining within the asset.
