PROPERTY INFORMATION

THE OFFERING

Rare Opportunity Zone Tax Shelter Lot well-located in Wilmington with direct access to the **Port of Los Angeles**. with strong development upside at an attractive land basis. The property sits on approximately **6,758 SF of land** of which **5,125 sq ft are buildable** with **C2 zoning**, General Commercial land use, and multiple potential development pathways for a buyer to explore.

The site is identified as **TOC Tier 2, ED1 eligible**, and located within an **Opportunity Zone**, giving developers several angles to evaluate for a future residential or mixed-use project. At an asking price of **\$499,000**, the property is priced at approximately **\$/SF of land**, offering a compelling basis compared to nearby land sales.

While the lot is impacted by **setback requirements and an alley easement**, these constraints are already identified upfront, allowing buyers to underwrite the site with more clarity from day one. For a developer, this is a practical infill opportunity with a manageable lot size, commercial zoning, transit-oriented incentives, and a price point that leaves room to work through design and entitlement strategy.

This lot is situated perfectly for **storage, car parking, truck parking or residential development**.

LOCATION OVERVIEW

LOS ANGELES COUNTY

Located along the Southern California coast, Los Angeles County spans 4,084 square miles and is comprised of 88 diverse and vibrant cities. With nearly 10 million residents—more than the population of 41 U.S. states—it is the most populous county in the nation and a global leader in cultural and economic influence. Nearly 39% of the County’s population resides in the City of Los Angeles, which covers just 472 square miles yet serves as its economic and cultural core.

GDP. One of the largest county
economies in the world

Los Angeles County is powered by a highly educated labor force, leading universities, and world-class infrastructure. Its economic base is both broad and resilient, anchored by trade and logistics through the Ports of Los Angeles and Long Beach, clean technology, advanced transportation, healthcare, higher education, and the globally dominant media and entertainment industry.

The region's favorable climate, global connectivity, and reputation as a hub of creativity and innovation continue to attract investment, business, and talent from around the world. With major upcoming catalysts—including transformative infrastructure projects and the 2028 Summer Olympic Games—Los Angeles County is positioned to remain a world-class center for commerce, culture, and real estate growth.

2028 OLYMPICS | LOS ANGELES

In 2028, Los Angeles will become the first U.S. city to host the Summer Olympics for a third time (previously in 1932 and 1984). The Games will shine a global spotlight on the region, reinforcing Los Angeles County's position as one of the world's leading cultural and economic centers.

ECONOMIC IMPACT

The Games are projected to generate tens of billions of dollars in economic activity for the region, creating jobs, attracting global tourism, and boosting demand for housing, hospitality, and retail.

INFRASTRUCTURE INVESTMENTS

Billions are being directed toward transportation upgrades, housing developments, and venue improvements that will benefit the community long after the Games conclude.

CENTRAL TO EMPLOYMENT CENTERS

Downtown Los Angeles (DTLA)

The region's largest employment hub with over 500,000 jobs across finance, government, law, creative industries, and tech.

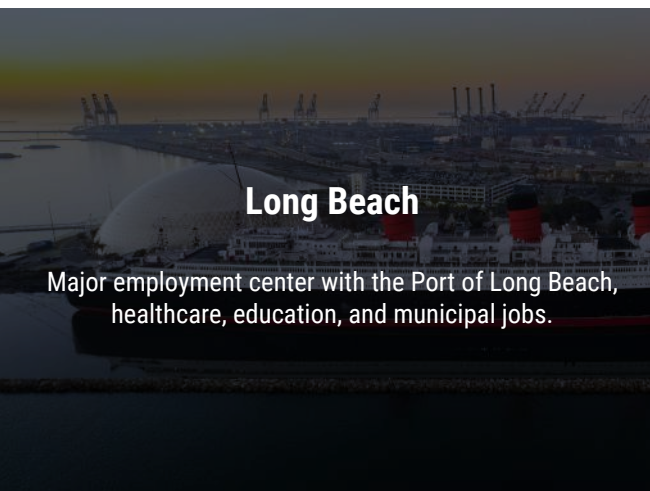

Hollywood

Global center for entertainment and media, home to major studios, production companies, and a growing tech presence.

Koreatown

Dense commercial and cultural hub west of Downtown with strong employment in retail, hospitality, healthcare, and professional services.

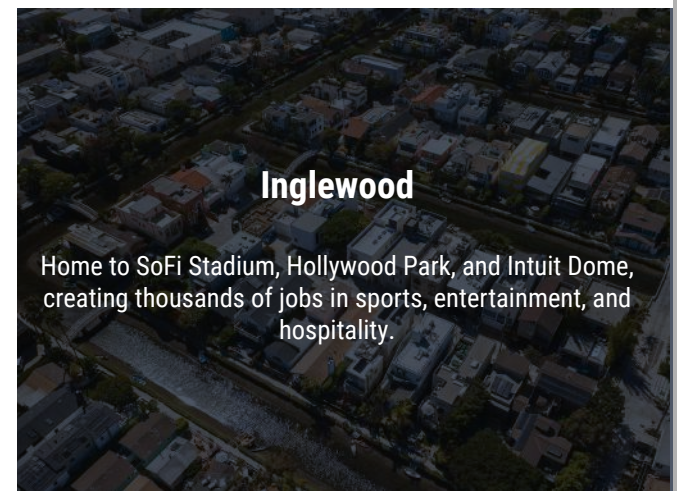

Long Beach

Major employment center with the Port of Long Beach, healthcare, education, and municipal jobs.

Culver City / West LA

Growing hub for tech, digital media, and content production ("Silicon Beach"), including Apple, Amazon, and Sony Pictures.

Inglewood

Home to SoFi Stadium, Hollywood Park, and Intuit Dome, creating thousands of jobs in sports, entertainment, and hospitality.

ANDURIL CAMPUS LONG BEACH

Anduril Industries is establishing its second major Southern California campus in Long Beach, signaling a renaissance in advanced manufacturing and defense innovation. Costa Mesa-based Anduril announced late January 2026 plans for a 1.185 million sq ft facility—750,000 sq ft office and 435,000 sq ft industrial—slated to open in 2027 amid surging demand for autonomous military tech.

This joins Anduril’s national network of manufacturing sites, following its \$1B Arsenal-1 facility in Ohio.

The campus will generate 5,500 direct jobs plus construction and support roles, revitalizing Long Beach’s legacy as a naval and complex aircraft hub.

Nestled in “Space Beach,” Anduril neighbors Vast Space, Coronal, Rebel Space Technologies, Orbital Operations, and Boeing, leveraging port proximity, industrial capacity, and deep aerospace talent.

Southern California’s \$4.7B in 2025 aerospace/defense funding underscores the ecosystem’s dominance in software-driven defense over traditional hardware.
