EXTERIOR — 950 HAMPSHIRE ROAD, WESTLAKE VILLAGE

ABOUT THE PROPERTY

950 Hampshire Road offers a rare opportunity to own a multi-tenant office building in a central Westlake Village location. Flexible zoning permits multiple uses including office, medical, and retail — providing exceptional versatility for owner-users and investors alike. Qualified tenants may alternatively lease up to ±9,362 RSF of immediately available space. For those seeking ownership, the property allows immediate occupancy of ±9,362 RSF upon close of escrow, with the ability to expand into the full ±15,529 SF building in the near term as existing short-term and month-to-month leases roll.

Suite Summary

SUITE	OCCUPANCY	RSF	CONTIGUOUS RSF	LEASE EXP.
100	Available	±7,156 RSF	±7,744 RSF	Vacant
101	Available	±2,206 RSF	—	Vacant
102	Occupied	±588 RSF	±7,744 RSF	MTM

104	Occupied	±1,033 RSF	—	3/31/2028
5 Suites		±15,529 RSF	—	2 Avail · 3 Occ

Property Highlights

Available SF — Immediate Occupancy

±9,362 RSF (60% of the building) is immediately available for owner-user occupancy. Existing MTM leases can be terminated to accommodate up to the full ±15,529 SF, or any portion thereof, as needed.

SBA 504 Financing Eligible

By occupying 51% or more of the building, an owner-user may qualify for SBA 504 financing — as little as 10% down, a 25-year amortization, and a below-market fixed rate on the CDC portion. At \$7,150,000, that equates to approximately \$715,000 down to own a ±15,529 SF building.

Signature Interior Courtyard Building

A landscaped open-air courtyard creates an architectural identity that is unmatched in the local submarket.

Irreplaceable Westlake Village Location

Positioned at the gateway to the US-101 corridor with immediate access to premier retail, dining, and professional services.

Flexible Zoning

C3 zoning accommodates a wide range of uses including professional office, medical/dental, and retail — offering maximum flexibility for owner-users and investors alike.

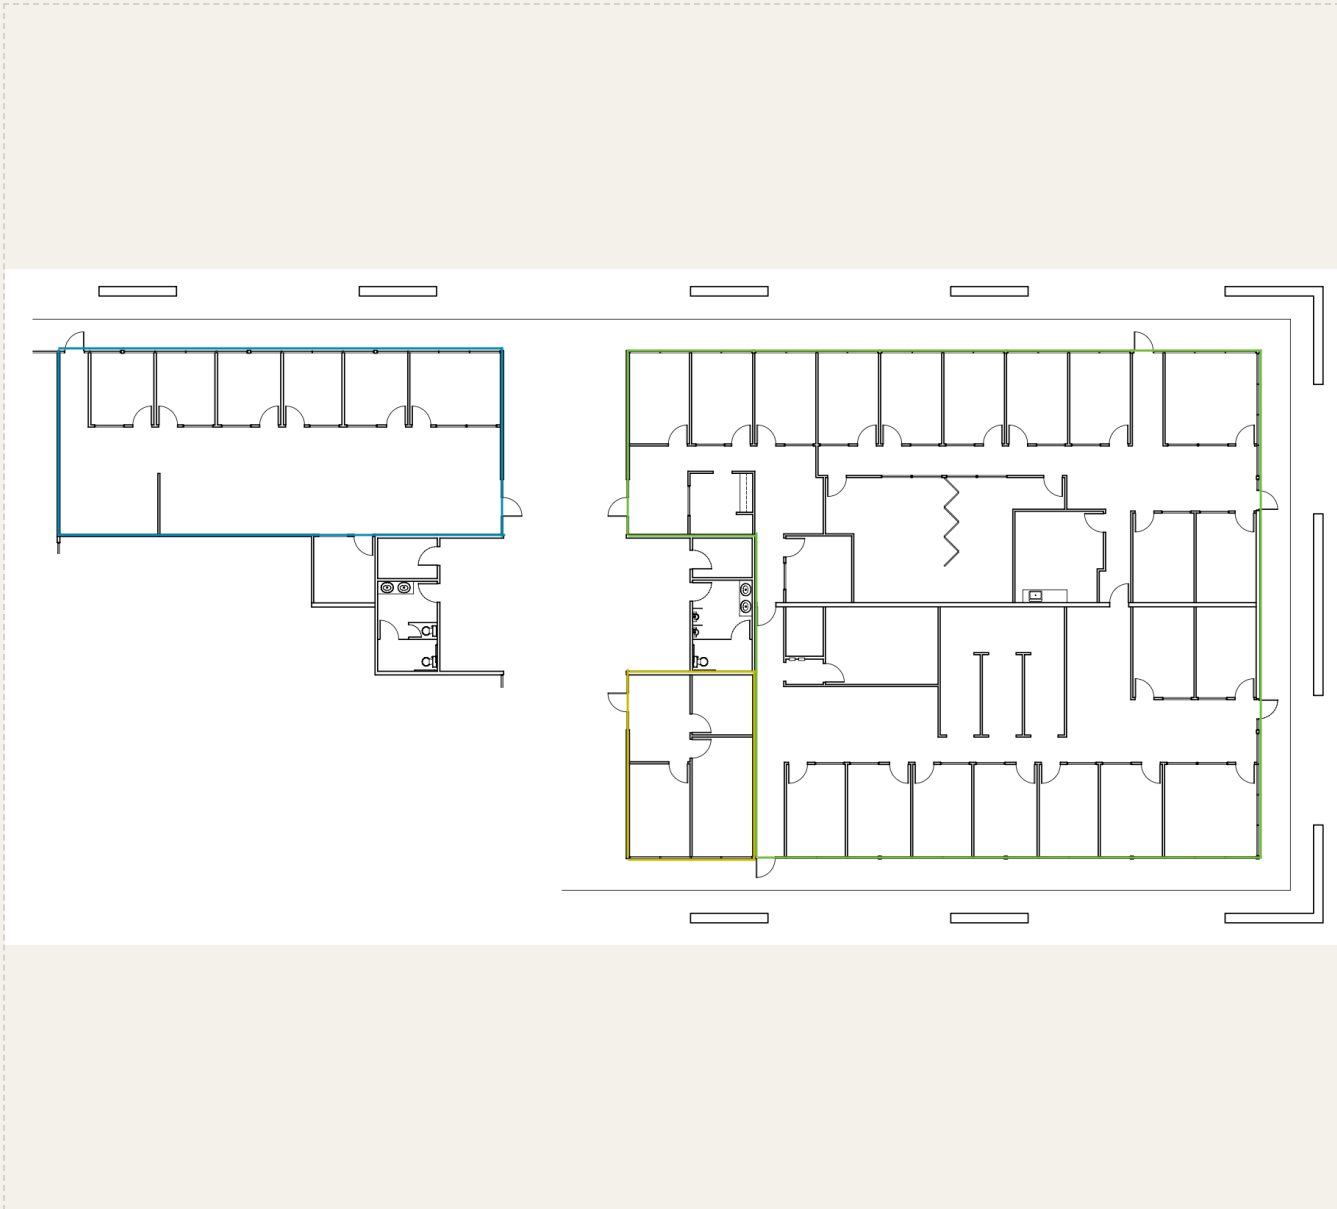

Significant Land Position

1.94 acres at a low 0.18 FAR provides long-term repositioning and redevelopment potential in a supply-constrained infill market.
