File No. 17448 180 Stage § Bliss Sims 3-23-2016

Special Notes:

(1) The measurements shown hereon are based in part on conventional and electronic measuring devices, survey instruments, tapes, etc. Some plans have been produced by combining those measurements with existing floor plans and spot checked for accuracy to produce this floor plan(s) depicted hereon.

(2) The main electrical supply for the Gateway Shopping center building(s) is along the rear at several main power drops into various sized panels with little to no voltage/amperage listings. The AC roof units to date have not been looked at to ascertain any btu's or other information.
