+ The building includes a ground floor retail space currently occupied by a grocery outlet and vacant studio apartments above for a value-add opportunity. These features create steady mixed use income potential for an investor seeking both commercial and residential revenue streams in a compact urban setting.

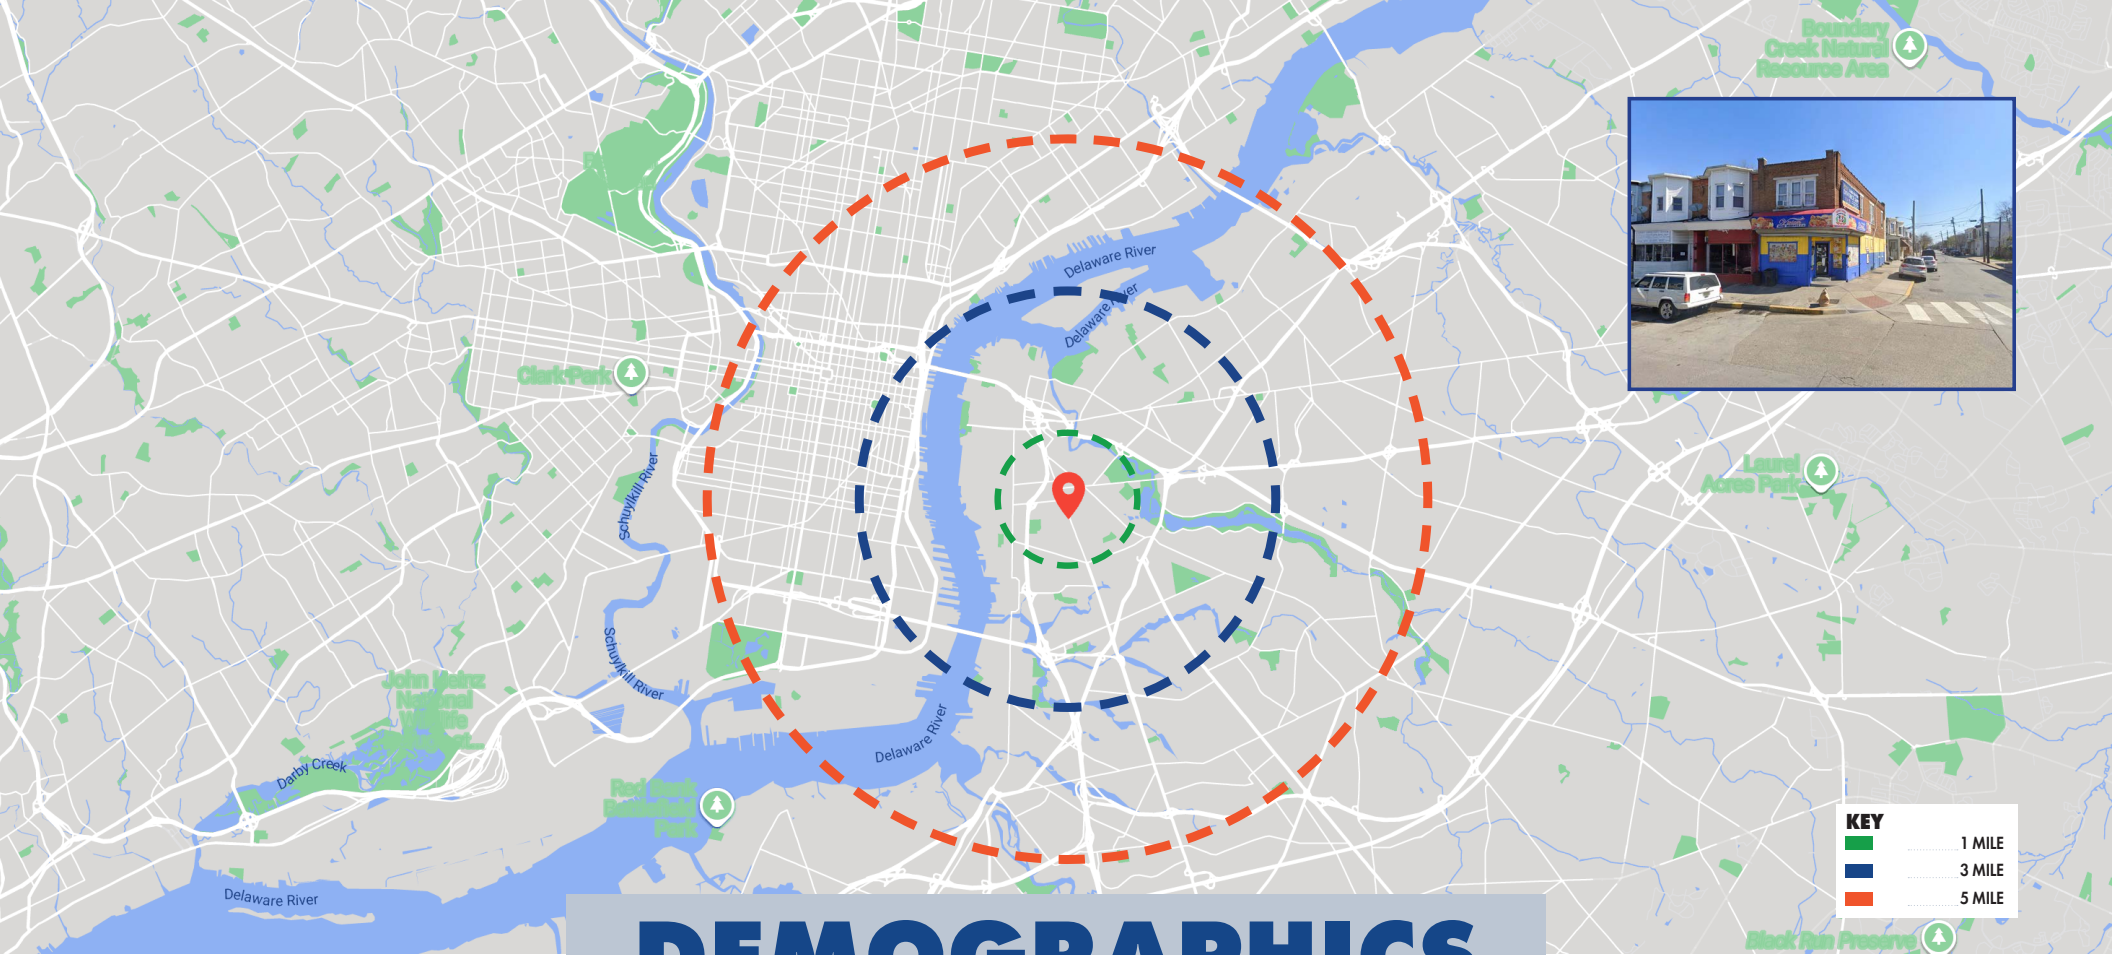

+ Its central position along the Mt. Ephraim Avenue corridor enhances connectivity to I-676, Route 30, 38, 130, and broader South Jersey destinations. This combination of accessibility and local activity makes it an appealing opportunity for investors seeking a stabilized mixed-use asset with long term upside.
