Amexon's highly trained leasing specialists analyze specific tenant requirements to facilitate each office move from the initial contact to the actual physical move.

Our interior design staff provide prospective tenants the opportunity to document ideas and continuously refine and alter space plans to produce an office environment that will last the test of time.

Constant supervision of the design and step by step construction process ensures a final product that enhances the tenant's professional image and establishes a warm and inviting working atmosphere. Our constant monitoring of the construction process and our many years of construction experience ensures turnkey cost effectiveness.

LOCATION

Located in the heart of downtown Toronto, on the corner of University Avenue and Dundas Street West.
