- **Rapidly growing** BID and I-35 Corridor
- **Redevelopment Opportunity**

1400 NE 63rd - OKC 73111

Offering Memorandum

*Parkhill Inn & Suites offers a rare opportunity to acquire a **±5.34-acre redevelopment site** in Oklahoma City's rapidly evolving Adventure District, a tourism-anchored corridor supported by **major cultural attractions, year-round visitation, and continued public and private investment**. The property is located along historic Route 66 with immediate access to Interstate 40, providing exceptional regional connectivity and visibility. The site's scale, zoning, and location make it well suited for a variety of redevelopment concepts including hospitality, multifamily, mixed-use, or destination-oriented commercial development. Existing improvements consist of a 50-room independent motel constructed in 1960. **The improvements are considered functionally obsolete, and the offering is positioned and marketed for land value.** Ownership has proactively **completed several critical components of upfront due diligence**, reducing development risk and shortening the buyer's timeline to execution. Available materials include: asbestos surveys, demolition bids, and Phase I Environmental Site Assessment. 1400 NE 63rd represents a compelling land opportunity for developers and investors seeking **scale, visibility, and long-term upside**.*
