Cosgrove Advisory Group

Lebanon, TN

Lebanon, Tennessee—affectionately known as “Cedar City”—stands out as a vibrant blend of historical charm, natural wonder, and community spirit. Anchored by its beautifully preserved public square under the Lebanon Commercial Historic District, its downtown brims with unique architecture, quirky boutiques, theaters like the Capitol and Roxy, and an energetic Main Street scene. Just south lies Cedars of Lebanon State Park, a 900-acre preserve where limestone sinks and cedar glades support a uniquely charming landscape hiking trails, golf courses, and recreation. Add Cumberland University’s storied campus, the Sellars Farm Mississippian mound, and vibrant local traditions—the Wilson County Fair, farmers’ markets, and a deep-rooted arts culture—and Lebanon reveals itself as a singular Tennessee treasure. Where history and ecology intertwine and small-town warmth pulses just 25 miles from Nashville, TN.

Central Location

Centrally located just 25 miles east of Nashville, with direct access to I-40, Highway 70, and the WeGo Star commuter rail, making it a key transit and logistics hub in Middle Tennessee. Its proximity to major distribution centers, Nashville International Airport, and regional employers positions it as a strategic midpoint for both commuters and commerce.

Booming Population and Economy

Lebanon, TN has seen explosive population and economic growth, expanding by 8.9% between July 2022 and July 2023, making it one of the 12th-fastest-growing cities in the U.S. The city’s prosperity is fueled by new manufacturing, logistics, and retail developments that are drawing both businesses and residents.

Culture and Local Attractions

Lebanon holds an abundance of cultural and local attractions, whether it be the Cedars of Lebanon State Park or the historic square on Main Street. The city and county as a whole offer a refreshing atmosphere just 25 miles from Nashville.

Wilson County Economy

- Lebanon ranks among the fastest-growing cities in the U.S., with its population surging over 40% since 2020 to approximately 54,600 residents. This rapid growth reflects strong migration trends and positions Lebanon as a key suburban hub east of Nashville, supported by its strategic location along I-40 and commuter rail access.
- Lebanon’s job market is strong, with unemployment at 3.3% and projected job growth of 41.6% over the next decade—well above the national average. Wilson County, where Lebanon is located, is Tennessee’s fastest-growing county and ranks among the wealthiest in the state, creating a favorable environment for workforce expansion.
- Major employers include Amazon, Under Armour, Cracker Barrel (headquartered in Lebanon), FedEx, and Lochinvar, alongside growing logistics and manufacturing sectors. These companies, combined with recent industrial park developments, underscore Lebanon’s role as a regional employment center with diverse industry representation.
- Recent economic investments exceed \$1 billion, with 20 development projects announced since 2020, adding more than 6,300 jobs. Major contributors include Caterpillar’s \$60 million expansion creating nearly 700 positions, NewBasis establishing manufacturing operations with 249 jobs, and Bridgetown Natural Foods investing \$78 million for a new facility. Retail giants Walmart, Sam’s Club, and Target are also entering the market, collectively expected to add over 500 jobs and millions in annual sales tax revenue. Additional expansions by Lochinvar (\$35 million, 141 jobs) and Georgia-Pacific (\$20 million investment) underscore Lebanon’s strong industrial and logistics growth.

Nashville, TN

Known as the cultural epicenter of country music, the Nashville metro has roughly 2.2 million residents across 14 counties that span from highly urban to rural and sparsely populated. Davidson is the most populous county with about 712,000 people; it is home to a large portion of Nashville, the capital city, which has over 705,000 residents. The metro is in the north-central portion of the state, located in a topographical region called the Central Basin. The Cumberland River, which juts through the region, adds to the local economic base and enhances Nashville’s quality of life. Contributing to the metro’s economy is a strong intermodal infrastructure network, which links it to other population hubs in the south, midwest and northeast. E-commerce is also a growing presence, with Amazon’s Operations Center of Excellence in the metro. Vanderbilt and the University of Tennessee bring a large student population to the metro and foster a sense of community around college sports.

Music Industry Capital

Nashville is known as the epicenter of country music entertainment, helping fuel the market’s record-setting visitor counts in recent years. Several live music venues are clustered in the city’s iconic Broadway Historic District.

Diversifying Economy

Other major industries in the metro include health care, government, automotive manufacturing, publishing, insurance and finance. In 2024, ten Fortune 500 companies called greater Nashville home.

Robust Population Growth

Nashville’s population is projected to increase at the 13th-fastest pace among American major metros between 2025 and 2029. An estimated 33,000 people relocated to the area in 2024 — a figure in between New York City and the Newark metro.

Nashville, TN Economy

- The city has become a burgeoning tech hub, attracting startups and established tech companies. Nashville’s relatively low cost of living compared to other tech hubs like San Francisco and New York City, combined with its supportive business environment, has made it an attractive destination for tech talent and innovation.
- The local hospitality sector has additionally grown at one of the fastest paces in the country. Nashville’s hotel room inventory grew by about 20 percent between 2019 and 2024, coinciding with a roughly 14 percent increase in hotel room booking volumes — one of the nation’s highest in that period.
- Developers grew Nashville’s multifamily stock by 6.7 percent during 2024 — the fourth-fastest pace among major metros — and will follow that up with another 3.4 percent expansion in 2025, totaling almost 20,000 deliveries in two years.
- Oracle’s \$1 billion East Bank campus will bring roughly 8,500 high-paying tech and corporate jobs to Nashville, fueling billions in long-term economic impact and catalyzing large-scale development across the surrounding area. The project strengthens the city’s position as a rising technology and innovation hub, driving demand for housing, retail, and office space to support a rapidly expanding workforce.
- Fortune 500 companies headquartered in the region include HCA Healthcare, Dollar General, Community Health Systems, Delek US Holdings and Tractor Supply Co.

New Developments

Nashville Yards

Nashville Yards is a 19-acre mixed-use district in downtown Nashville featuring Class A+ office towers, over 2,000 residential units, more than 1,000 hotel rooms, 365,000+ sq ft of retail and entertainment, and 7 acres of open plazas. Anchored by tenants like Amazon and Creative Artists Agency, it integrates commercial, residential, hospitality, and cultural amenities to create a vibrant live-work-play environment.

Economically, Nashville Yards is a major growth driver, projected to generate over \$2 billion annually and support nearly 15,000 permanent jobs. By attracting top-tier firms, premium hospitality, and a 4,500-seat entertainment venue, it strengthens Nashville’s downtown tax base, stimulates surrounding real estate, and reinforces the city’s position as a hub for business, tourism, and urban living.

East Bank Development

The Nashville East Bank Plan will deliver 22 million square feet of mixed-use development across four walkable districts, anchored by a new home for the Tennessee Performing Arts Center, a “Mobility Hub” transit center, 12 acres of parks, and a domed football stadium within a “stadium village” at the Central Waterfront District. The project transforms roughly 550 acres of under-utilized riverfront land across the Cumberland River into a high-profile, connected urban district, with the 2024 Master Developer Agreement enabling infrastructure, retail, office, hospitality, and affordable housing investment.

Revitalizing the East Bank addresses the area’s industrial past and limited river access, restoring the waterfront and bridging the gap to downtown. This transformative redevelopment is positioned to generate significant economic impact, catalyze new business and housing demand, and create a vibrant, accessible urban environment—strengthening Nashville’s downtown as a hub for commerce, culture, and community.

BNA New Horizons Expansion

Nashville International Airport (BNA) has embarked on a comprehensive expansion strategy to keep pace with the region’s rapid growth and increasing air travel demand. The first phase, known as BNA Vision, was substantially completed in 2023 and delivered major upgrades including expanded concourses, a new international arrivals facility, additional parking structures, and the Grand Hyatt Nashville Airport hotel, which opened in March 2024. Together, these improvements established a modern foundation for the airport’s next era of growth.

Building on that momentum, BNA has launched New Horizons, a \$1.4 billion initiative slated for completion by 2028. This next phase focuses on expanding terminal space, improving roadways, and creating more capacity for airlines to operate efficiently. The goal is to ease congestion, streamline passenger flow, and prepare for the millions of additional travelers expected over the next decade. In total, the Metropolitan Nashville Airport Authority has outlined more than \$4.5 billion in current and planned investments, making BNA one of the most ambitious airport expansion efforts in the nation.

Beyond infrastructure, the airport’s ongoing growth serves as a powerful economic driver for Middle Tennessee. BNA already supports more than 76,000 jobs and contributes over \$8 billion annually to the local economy—a figure expected to climb as expansion projects advance. Construction alone has created thousands of jobs, nearly 80 percent filled by local workers, and generated millions in contracts for small, minority-, and woman-owned businesses. Additionally, new airline operations, such as Southwest’s Nashville crew base, are creating over a thousand permanent aviation jobs, further reinforcing BNA’s role as a cornerstone of the region’s prosperity.

Project Components

New Terminal Concourse: The expansion includes the construction of a new terminal concourse to increase gate capacity and improve passenger flow. The expanded terminal will feature additional dining, retail, and passenger services to enhance the traveler experience.

Modernized Facilities: Upgrades to security checkpoints and check-in areas are designed to streamline the travel process, reducing wait times and improving overall efficiency.

New Parking Facilities: Additional parking structures will be built to accommodate the growing number of passengers and visitors.

Infrastructure Upgrades: The project includes upgrades to runways and taxiways to support increased flight operations and improve safety.

Multifamily - Market Report

Marcus & Millichap | Nashville, TN Metro Area | Multifamily 2025 Outlook

In-migration aids luxury demand as inflation weighs on low-cost renters. Nashville’s strong job market is projected to drive a household formation rate nearly double the national average, supported by the country’s second-lowest unemployment rate entering 2025. Major investments, such as Oracle’s future national headquarters and the addition of over 500,000 square feet of pre-leased office space at Nashville Yards in early 2025 will grow the number of major employers in the urban core. The metro’s expanding industrial sector should also bolster employment, encouraging a steady influx of residents that is expected to keep apartment demand ahead of new supply. In the suburbs, where upper-tier vacancy fell in 2024, fewer deliveries this year will help sustain downward pressure on local rates. Concentrated new supply in Central Nashville should also be generally well-received after Class A vacancy held firm around 7 percent last year. In contrast, lower-tier units have experienced weaker demand as price pressures constrain low-to-moderate-income households. Still, Nashville’s wage growth outpacing regional inflation — which fell in line with the national rate in late 2024 — should aid leasing.
