214 & 216 S. Hamilton Dr., BH 90211

Property Overview

PartnersCRE is proud to present a rare, entitled high-density development opportunity located at **214 & 216 S Hamilton Drive, Beverly Hills, CA 90211**.

Positioned immediately south of Wilshire Boulevard and two doors from the historic Saban Theatre, this **10,400 square foot** site offers developers the unprecedented opportunity to deliver a best-in-class mixed-income residential project with **36,281 SF of Livable SF** in one of the most supply-constrained and desirable multifamily markets in the greater Los Angeles area, with one of the most exclusive addresses around.

The property has been entitled utilizing the state Housing Accountability Act Builder's Remedy provisions, securing approvals for an **8-story, 90-unit multifamily development** consisting entirely of stacked highly efficient **studio units**.

With **72 market-rate studios**, the remaining 20% of the units will be dedicated for affordable tenants. All units will feature balconies and washer/dryer closets.

Designed by **Ottinger Architects**, the project features a modern urban infill concept with an activated ground floor that includes a spacious **Lobby**, dedicated **Office**, **Package Room** and a **sizable Community Room** totaling **2,293 SF**. The design will take advantage of the unique height of the structure with a sprawling **1,887-square-foot rooftop deck** that will have **expansive views**. This shared amenity space enhances the overall resident experience and aligns with current market expectations for lifestyle-driven multifamily products. The plans include a **total gross building area of 73,490 square feet**, consisting of **63,717 square feet of at and above-grade gross area** and **9,773 square feet of subterranean parking area**, accommodating **13 parking spaces**.

With the Builder's Remedy approval in place, this offering provides a rare opportunity to bypass the arduous entitlement process in Beverly Hills, a municipality where securing discretionary approvals is notoriously difficult and housing supply is severely restricted.

The property benefits from exceptional connectivity, boasting a **Walker's Paradise** designation by WalkScore.

The property will also benefit from the just-opened **Subway Metro Station just 700 feet away!**

This **unparalleled transit proximity** already provides access to Hollywood and Downtown Los Angeles, and will soon offer tremendous access to additional **major employment hubs** like Century City and Santa Monica in the Westside!

Combined with its Beverly Hills address, historic surroundings, and **already-entitled status**, this project represents an **exceptional opportunity** to deliver **high-density housing** in a premier infill setting - an opportunity that will have lasting effects on the community at large while creating **trophy investment** that can become **your next generational asset!**

New Metro Station & Line Extension

Located **around 700 feet** from the brand-new **Wilshire/La Cienega Metro D Line Station**, which opened May 8, 2026 as the western terminus of Section 1 of the long-awaited **D Line Extension**, this site represents one of the most compelling transit-oriented development opportunities in Los Angeles.

The station places future residents within a **short walk** of direct subway access to **Koreatown, Miracle Mile, and Downtown Los Angeles**, with a travel time of just under 20 minutes to Downtown's **Union Station**.

Critically, this is only the beginning: **Sections 2 and 3** of the D Line Extension are already under construction and expected to **open in 2027**, adding stops at **Rodeo Drive, Century City, Wilshire/Westwood**, and the **West LA Veteran's Affairs Campus**, ultimately transforming this corridor into the spine of Westside transit.

All details provided as a courtesy. Buyer and Buyer's Representatives to rely solely on their own investigations, assumptions and consultants for all sizes, estimates, fees, costs, projections and all other details. Agents have worked to provide the most accurate information available to them but make no guarantees or warranties. All parties to consider this information as a beginning for their own investigations and rely solely on their own investigations.
