

Gentle, Yet Powerful Five-Brush Car Wash

The SoftGloss Maxx is new and improved to better wow your customers! The new LED lighting package will give your customers a spectacular light display and keep them coming back to your wash. Also, with the improved Colorwave and Trifoam applications will give car wash customers an exciting show.

A proven success in the car wash industry, SoftGloss MAXX is a friction car wash that drives profits and satisfied customers. You won't find its combination of features and benefits anywhere else but from Ryko. Equipped with our exclusive FoamBrite wash material, the SoftGloss MAXX offers a dependable, thorough cleaning that will send your customer satisfaction levels—and your sales—soaring.
