PROPERTY OVERVIEW

BLURIVER Commercial Advisors is pleased to present 4560 S Federal Boulevard, an exceptional owner-user or investor opportunity featuring a fully equipped, move-in-ready automotive body shop and collision repair facility on one of Metro Denver's most highly trafficked commercial corridors.

This 11,980 SF two-story industrial building includes all Furniture, Fixtures & Equipment (FF&E), two inspected operational paint booths, a vehicle lift, frame rack system, and a recently remodeled client-facing suite.

Fully equipped collision and body shop facilities with this level of infrastructure are scarce in the Denver metro, the cost and timeline to build out a comparable space from scratch makes this a compelling acquisition for an operator or investor looking to deploy capital efficiently.

The property benefits from 23,452 daily vehicle pass-bys, direct frontage on S Federal Blvd, and proximity to King Soopers, Home Depot, and Sinclair anchors, ensuring built-in visibility and market familiarity.

TURN KEY ASSET

The heavy lifting is done. Fully equipped, permitted, and operational — positioned for immediate use by an owner-operator or repositioning by an investor.

NOT INCLUDED: Business operations, customer contracts, or goodwill. Buyer acquires the physical real estate and all FF&E — not the operating business.

THE INVESTMENT CASE

01 Zero Downtime Startup

All equipment maintained, certified, and operational. A qualified buyer can generate revenue from the very first week. No buildout, no permits, no delays.

02 Owner-Operator Advantage

Eliminate lease-up risk entirely. An owner-operator steps into a fully certified, revenue-ready facility with no retrofitting, no permitting delays, and no buildout costs.

03 Dual-Revenue Architecture

Two-story split design allows simultaneous body repair (lower) and paint/detailing (upper) — two independent revenue streams under one roof.

04 Fully Equipped — FF&E Included

Paint booths, lifts, frame rack, BASF mixing system, compressors, welders, office furniture — all included. Replacement cost exceeds \$500K+

05 Built-In Traffic Exposure

23,452 vehicles pass daily on S Federal Blvd. Passive visibility creates brand familiarity and organic referrals for any operator.

06 Insurance Shop Ready

Fenced & gated yard, professional client spaces, and certified paint booths satisfy all major insurance DRP (Direct Repair Program) requirements.
