Explanation of "Notice of Proposed Ad Valorem Assessments" Section

*Column 1 - "Last Year's Actual Tax Rate" and "Your Property Taxes Last Year."

These columns show the tax rate and taxes that applied last year to your property. These amounts were based on budgets adopted last year and your property's previous taxable value.

*Column 2 - "Your Tax Rate This Year IF NO Budget Change is Adopted" and "Your Taxes This Year IF NO Budget Change is Adopted."

These columns show what your tax rate and taxes will be this year if each taxing authority does not change its property tax levy. These amounts are based on last year's budgets and your current assessment.

*Column 3 - "This Year's PROPOSED Tax Rate" and "Your Taxes This Year if PROPOSED Budget is Adopted."

These columns show what your tax rate and taxes will be this year under the budget actually proposed by each local taxing authority. The proposal is NOT final and may be amended at the public hearings shown above. The difference between columns 2 and 3 is the tax change proposed by each local taxing authority and is not the result of higher assessments.

Ad Valorem - According to Value

EXPLANATION OF 'PROPERTY APPRAISER VALUE INFORMATION' SECTION

MARKET (JUST) VALUE - The most probable sale price for a property in a competitive, open market involving a willing buyer and a willing seller.

ASSESSED VALUE - The value of your property after any "assessment reductions" have been applied. This value may also reflect an agricultural classification. If "assessment reductions" are applied or an agricultural classification is granted, the assessed value will be different for School versus Non-School taxing authorities and for the purpose of calculating tax levies.

TAXABLE VALUE: - Taxable value is the current assessed value less all applicable exemptions used in calculation of taxes for taxing authorities.

APPLIED ASSESSMENT REDUCTION - Properties can receive an assessment reduction for a number of reasons, including the Save Our Homes benefit and the 10% non-homestead property assessment limitation. Agricultural Classification is not an assessment reduction. It is an assessment determined per Florida Statute 193.461.

EXEMPTIONS - Any exemption that impacts your property is listed in this section, along with its corresponding exemption value. Specific dollar or percentage reductions in assessed value may be applicable to a property based upon certain qualifications of the property or property owner. In some cases, an exemption's value may vary depending on the taxing authority. The tax impact of an exemption value may also vary for the same taxing authority, depending on the levy (i.e., operating millage vs. debt service millage).
