Executive Summary

Suite 101 at Drayton Mills Marketplace is an opportunity to operate your business in one of Spartanburg's most successful adaptive reuse developments. Suite 101 is perfect for restaurants, catering services, wine bars, and specialty food entrepreneurs, as well as breweries and taprooms, cafés, bakeries and dessert concepts, commissary kitchens, and culinary incubators. The suite comprises $\pm 2,269$ SF of core space, a fully equipped commercial kitchen, supported by an adjoining common area with restrooms and a dedicated patio of $\pm 1,800$ SF.

The kitchen arrives turnkey: gas cooking line with griddle, double-stacked convection ovens, fryer, stainless reach-in refrigeration and freezer units, a pass-through dish machine with compartment sink, and an extensive prep and catering inventory. An operator can be open and producing here for a fraction of time a ground-up kitchen build would require. The dining and gathering areas carry the mill's original character, whitewashed brick, exposed beam ceilings, oversized windows, and polished concrete floors, leaving a bright, memorable setting for restaurant, catering, or private event use. The adjoining patio extends the space outdoors, offering room for seasonal events, seating space, and private gatherings.

Retail tenants at Drayton Mills benefit from over 280 apartments at Drayton Mills Lofts—a walk merely seconds away—steady daily traffic of 22K+ vehicles, and a live-work-play environment complimented by residential, curated retail, dining, and fitness. The campus's integrated trail network and year-round community programming deliver consistent foot traffic in one of Spartanburg's most active and amenitized destinations.

HISTORIC STATUS

Constructed 1902-1904, Drayton Mills has a rich history that has spanned over 100 years. The red brick-spinning mill was beautifully designed by the Boston engineering firm of Lockwood Greene & Co. and features Romanesque Revival and Tudor Revival architecture.

Over the years, additional structures have been added including a cotton warehouse, two water towers, a pond and office buildings. Architectural features with industrial charm are still present to the site including exposed beams, arched window bays, deep red brick and original hardwood floors.

Today the property is listed on the National Register of Historic Places which adds to the uniqueness of this master redevelopment. Operating as a textile and manufacturing mill beginning in 1904. At its peak, the mill employed approx. 1,200 workers and helped establish Spartanburg as one of the South's leading textile manufacturing centers.
