Key Figures of Northern Nevada

Northern Nevada is experiencing rapid population and employment growth, with Nevada ranked 8th in the nation for annual population increases. The region is a hub for technological advancement, boasting the world's largest data center, SuperNAP Reno. It is also home to the Tahoe-Reno Industrial Center, the largest industrial park globally, attracting major companies and driving economic expansion. As the most digitally connected state in the U.S., Nevada continues to be a leader in innovation and infrastructure development.

Why Nevada

Considered the 8th most business-friendly state, according to EDAWN, Nevada offers a very low-regulation environment. This platform offers a variety of incentives to help qualifying companies make the decision to do business in the state of Nevada. Both Money and Forbes Magazines have named the Silver State one of the most business-friendly in the country.

Nevada ranks as the 17th best state in the Tax Foundation's 2024 State Business Tax Climate Index. This index is an independent ranking of states in five areas of taxation: corporate taxes, individual income taxes, sales taxes, unemployment insurance taxes, and taxes on property, including residential and commercial property.

In comparison, the Tax Foundation's 2024 Tax Climate Index rankings for our neighboring states are significant: California ranks 48th, Arizona 15th, Idaho 11th, Oregon 30th, and Utah 16th.
