ZONING

The property is zoned LBPD30 which is within the boundary of the Downtown Plan Area. The roots of this document were formed in a highly social "visioning process" that began in 2006 with the volunteer efforts of a Visioning Committee and input received through public workshops. This initial process resulted in a message that combined words and imagery to convey what the future might of downtown Long Beach would look like. This visioning provided a necessary foundation for the Downtown Plan and, as a reference to that important foundational work. Going forward, the document will exist as the formal policy document to be used by City Staff daily to (1) keep true to the community's vision, and (2) provide specific standards and guidelines to reference when working with developers. Allowable uses in the plan would include mixed-use requirements by right as well as retail uses such as restaurants, outdoor dining, business support services, and basic professional and personal services.
