PROPERTY OVERVIEW

1020 S Jason Street is a freestanding **±10,000 SF industrial / flex building** in south-central Denver, moments from the Santa Fe Drive corridor and South Broadway with quick access to I-25, US-85, and downtown. The building pairs an open, well-lit warehouse with a finished front office and reception area — a turnkey fit for distribution, light manufacturing, trades, fabrication, or service users.

Loading is handled by both a **dock-high door and a drive-in door** (each 10'W × 12'H), with **12'–16' clear height**, gas-fired unit heaters, exhaust ventilation, floor drains, full fire sprinkler coverage, 220V power, a shop sink, and **new LED lighting** throughout.

An additional **±6,000 SF space is available directly across the parking lot**, offering up to **±16,000 SF combined** — available separately or together. **Call broker to discuss additional space.**

PROPERTY HIGHLIGHTS

- (1) Dock-high door & (1) drive-in door — each 10'W × 12'H
- 12' – 16' clear height
- Gas-fired (GFA) unit heaters & exhaust fan
- Floor drains · fully sprinklered
- 220V 3-phase power · shop sink · new LED lighting
- Finished front office / reception area
- Additional ±6,000 SF available across the lot — up to ±16,000 SF combined
- **Call broker to discuss additional space**
