

HM HOLTS MECHANICAL

12621 Silicon
HVAC Upgrades

On 7/29/2019 Holts Mechanical completed replacing all of the roof top package units with new Allied equipment. Holts Mechanical covered the 1st year labor warranty and each unit has a 5 year compressor warranty (parts only) from the installation date. Attached is a list of the new Allied unit model numbers.

On 1/21/2020 Holts Mechanical completed the installation of a new Pelican control system which is Wi-Fi compatible and can be controlled remotely. There are three areas that have zone damper systems.

Holts Mechanicals contract was directly with Deeproot Tech and we could not bill this job complete until all work was completed.

Thank You,

Jeff Holt
