PROPERTY DETAILS

Prime commercial opportunity located at 3412 Market Street in Wilmington, NC, featuring a +/-2.0-acre parcel zoned CS (Commercial Services) within the City of Wilmington.

SITE FEATURES:

- Fully paved and improved
- 235 feet of high-visibility frontage along Market Street
- Average daily traffic count of +/-35,000 vehicles
- Perpetual, non-exclusive ingress/egress and access easement shared with the adjacent CVS
- Excellent access and exposure with signage on Market St and Building

The property is currently owner-occupied by Fleet Lease Remarketing (FLR). Please contact Listing Broker to schedule a tour.

The CS zoning district supports a wide range of uses including light industrial, wholesale, storage, commercial service, repair, and distribution-based businesses, making the site highly versatile and complementary to the surrounding commercial and industrial activity.

While the current automotive-related use remains functional, the property's frontage, traffic counts, and strong surrounding retail presence suggest a compelling opportunity for retail or retail-flex redevelopment. This offering is well suited for owner-users, investors, or developers seeking a strategic location along one of Wilmington's most heavily traveled commercial corridors.
