- ✓ Accompanied viewings

## Description

Sold via Secure Sale online bidding. Terms & Conditions apply

A rare and highly versatile detached property set within a private plot approaching one acre, offering exceptional residential, commercial and development potential (subject to the necessary consents).

Originally constructed in the 1970s in the style of a substantial 1930s detached residence, the principal building has operated predominantly as commercial premises throughout its life. However, the property retains the proportions, character and presence of an impressive five-bedroom family home, with attractive period-inspired architecture, extensive oak panelling and a wealth of original features.

The accommodation is complemented by a detached two-bedroom bungalow situated within the grounds, currently subject to commercial use, providing excellent ancillary accommodation, staff facilities or potential annex accommodation.

The property benefits from a private driveway serving both buildings, together with additional access directly from Potters Way, enhancing both convenience and future development opportunities.

Occupying a generous plot of just under one acre, the site presents significant potential for a variety of future uses. Opportunities may include conversion back to a substantial private residence with self-contained annex accommodation, continued commercial use, alternative business ventures, or the creation of an additional building plot, all subject to obtaining the relevant planning permissions and consents.

A truly unique opportunity to acquire a landmark property with flexibility, character and considerable scope for future enhancement.

EPC: Awaited

Council Tax: Business Rates

Tenure: Freehold
