ONCE IN A GENERATION

The perfect piece of land with a strategic location and postcard-perfect views of rolling landscape becomes available for purchase.

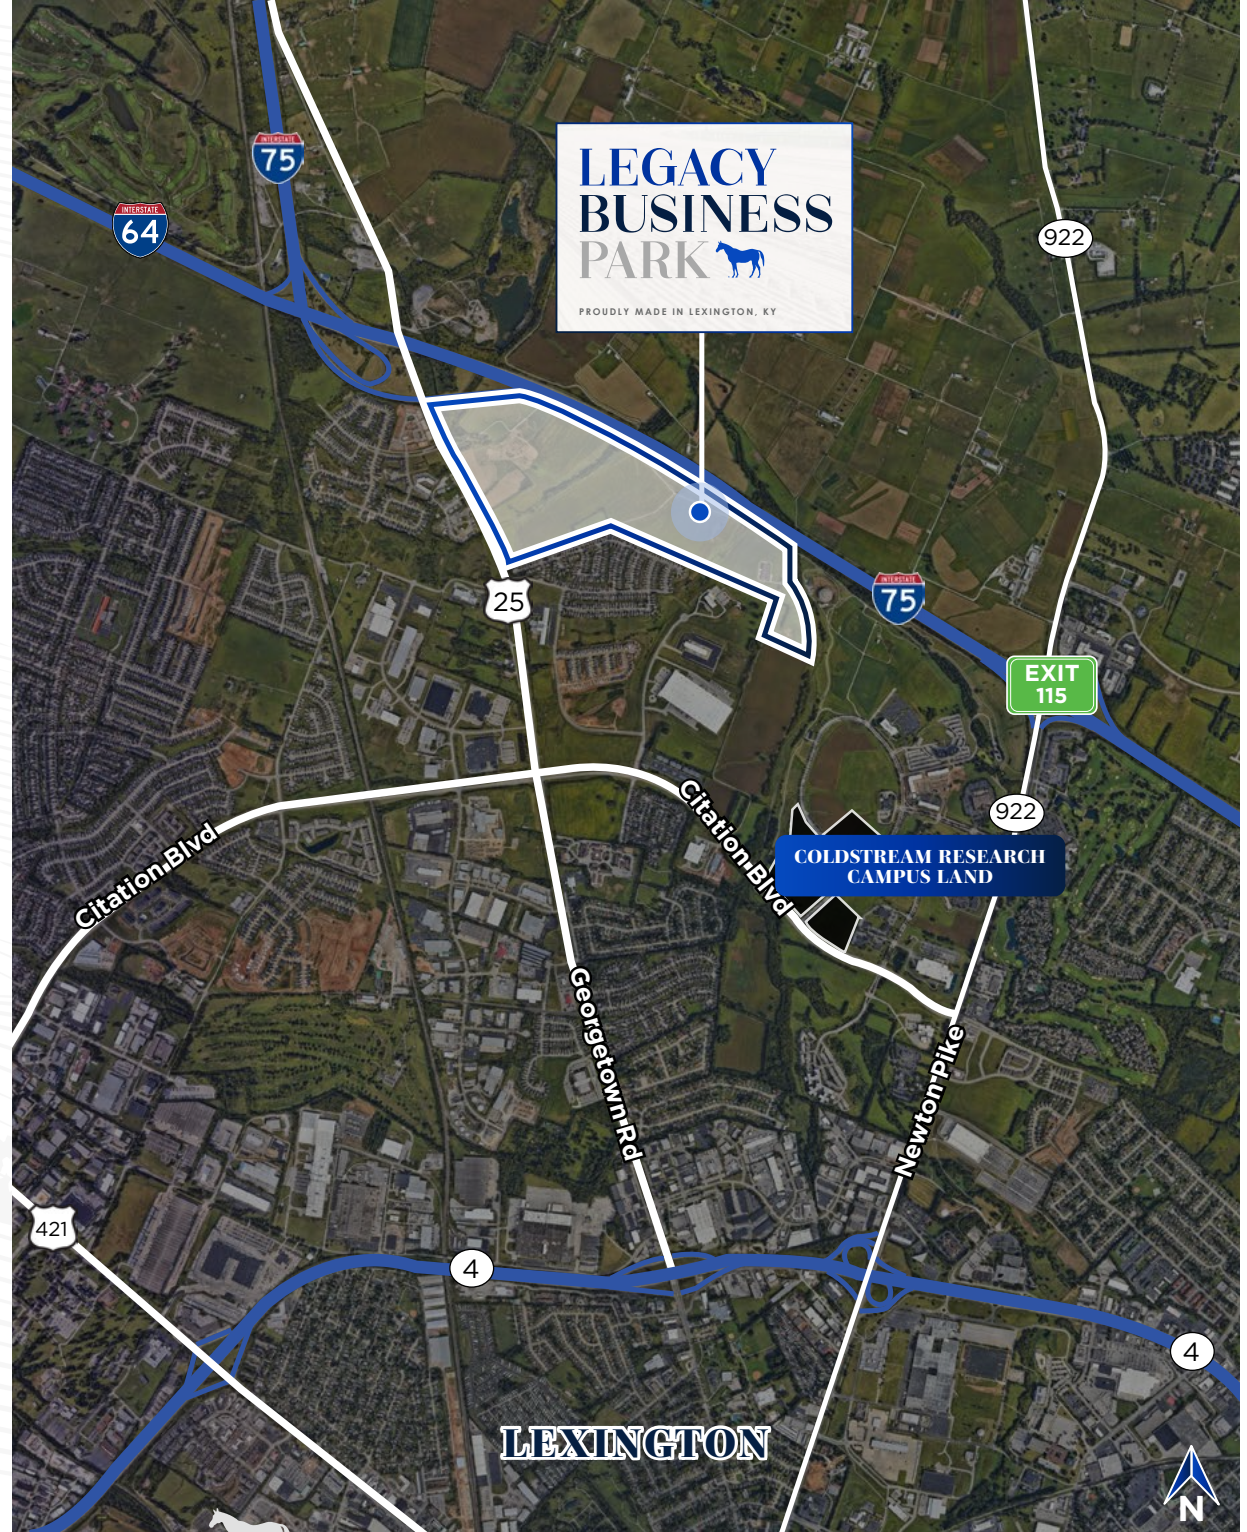

The Legacy Business Park is a premier, 200-acre park ideally located along I-64/I-75 just northwest of Newton Pike in Lexington, Kentucky. This is a once in a generation opportunity to own an industrial site in an area that is under-supplied by business parks and available land.

Lexington-Fayette Urban County Government has embarked on the redevelopment of a former dairy farm to create a first-class master planned industrial business park. This park will provide full infrastructure industrial lots to ensure the continued growth of the Lexington business community. The park will feature fully constructed roadways, all utilities, environmentally friendly green space and access to the highly acclaimed Legacy Trail.

The park is within a day's drive to two-thirds of the United States population, offering unparalleled distribution capabilities. Nearby global shipping hubs allow companies to ship their products around the world virtually overnight.

Businesses located in Lexington benefit from the city in multiple avenues. The strong economy and labor pool offer talent that is just a short commute away. Lexington and the state of Kentucky also provide many resources to owners and investors as well as a favorable cost of doing business.

Whether you are looking to expand your operations, build from the ground floor, or invest in the growth of Kentucky's economic development, Legacy Business Park is full of possibilities.
