±165 ACRES - JEWETT, TX

SVN | J. BEARD REAL ESTATE COMPANY - GREATER HOUSTON 3

JEWETT, TX - MARKET OVERVIEW

Jewett, TX is a small rural community located in Leon County, centrally positioned in east-central Texas at the intersection of State Highway 79 and FM 39, offering regional accessibility while preserving a quiet, small town environment.

The city is surrounded by agricultural land, ranches, and energy related activity, with nearby Lake Limestone providing recreational appeal and contributing to quality of life for residents.

Jewett has experienced measurable recent population and employment growth, driven by sectors such as construction, retail, transportation, and energy, reflecting steady economic momentum for a town of its size.

Household income remains modest but improving, and the cost of living is significantly lower than in major Texas metros. The housing market is characterized by affordability, stable inventory levels, and longer days on market, creating a balanced to buyer friendly environment well suited for long term ownership, land investment, or small scale development.

While distinctly rural, Jewett remains within a reasonable driving distance of larger employment centers in Dallas-Fort Worth, Austin, and Houston, positioning the city as an appealing option for residents and investors seeking lower entry costs, available land, and gradual, sustainable growth in a Texas small market setting.
