BUILT INTO

the Routine of

LAS VEGAS

Las Vegas’s residents don’t just visit the Strip—they live, work, and move around it every day.

Along W Sahara Avenue, you’ll find the professionals, the regulars, and the night-out planners who make this corridor one of the most active retail markets in the city. With a trade area anchored by Summerlin to the west and the Las Vegas Strip to the east, this market captures some of the strongest daytime and nighttime demand in the metro.

Whether it’s a pre-shift protein bowl, a workout and smoothie, or drinks before the night begins—your brand fits naturally into the rhythms of this market.
