12 UNITS IN GLASSELL PARK - BUILT 1988

3350

DREW STREET
Los Angeles, CA 90065

CREM
COMMERCIAL

Executive Summary

The CREM Group is pleased to exclusively present 3350 Drew Street in Los Angeles, California, a 12-unit apartment building in the rapidly evolving Glassell Park neighborhood. Built in 1988, the property features spacious two-bedroom, two-bathroom units averaging approximately 900 square feet each. The building totals 11,008 square feet of improvements on a 9,601-square-foot lot and includes 24 gated parking spaces, on-site laundry facilities, and is separately metered for gas and electricity. The property benefits from its exemption from Los Angeles City rent control and seismic retrofit requirements. Several units have been thoughtfully updated with hardwood flooring, upgraded lighting, and premium kitchen and bath finishes.

Located in Glassell Park, the property is positioned within one of Northeast Los Angeles's most active and evolving multifamily submarkets. The neighborhood has experienced a wave of reinvestment and new development, driven by its proximity to major employment centers and its accessibility to nearby Echo Park, Silver Lake, Atwater Village, Glendale, and Downtown Los Angeles. The property is located just over one mile from the Los Angeles River Master Plan redevelopment corridor, a major public investment initiative led by architect Frank Gehry that is expected to significantly improve infrastructure, green space, and long-term neighborhood value.

Residents enjoy excellent connectivity to Downtown Los Angeles, Glendale, Pasadena, and Hollywood via the nearby 2 and 5 freeways. Neighborhood highlights include Glassell Park Recreation Center, Lemon Poppy Kitchen, Habitat Coffee, Verdugo Bar, and Division 3 Café. Within a short distance are educational, retail, and employment anchors such as Glendale Memorial Hospital, Benjamin Franklin High School, and Eagle Rock Plaza.

With strong in-place cash flow and more than 20 percent rental upside, 3350 Drew Street represents a rare opportunity to acquire a stable, well-maintained asset in one of Los Angeles's most promising growth markets.

Investment Highlights

- ✔ Built in 1988, the property is subject only to AB 1482 statewide rent control and is exempt from the Los Angeles Rent Stabilization Ordinance (RSO).
- ✔ Twelve two-bedroom, two-bathroom units averaging approximately 900 square feet each provide a desirable and efficient unit mix for long-term stability.
- ✔ Strong existing operations with measurable potential for rent growth through continued unit upgrades and modernization.
- ✔ Secure gated complex with 24 covered parking spaces, on-site laundry facilities.
- ✔ Separately metered for gas and electricity, reducing ownership expenses and simplifying management.
- ✔ Located in the Glassell Park neighborhood, offering convenient access to Downtown Los Angeles, Glendale, Pasadena, and Hollywood via the 2 and 5 freeways.
- ✔ Proximity to the Los Angeles River Master Plan redevelopment corridor, a major public infrastructure and environmental improvement initiative.
- ✔ Centrally positioned near retail, dining, and employment centers in Eagle Rock, Atwater Village, and Glendale, supporting continued rental demand.

GLASSELL PARK

Location Overview

Glassell Park is a centrally located neighborhood in Northeast Los Angeles, positioned between several of the city's most popular residential and commercial submarkets including Echo Park, Silver Lake, Atwater Village, Highland Park, Glendale, and Eagle Rock. The area has benefited from the continued growth and rising property values of these adjacent markets, as both tenants and investors seek more attainable opportunities while remaining close to the same amenities, employment centers, and lifestyle appeal.

3350 Drew Street | Los Angeles, CA 90065

CREM Commercial

The neighborhood is characterized by a dense and diverse population, with a broad mix of professionals, families, and long-term residents. Average household income in the area has steadily increased over the past decade, supported by new development, infrastructure improvements, and the expanding creative and professional employment base in and around Downtown Los Angeles and Glendale.

Glassell Park offers convenient access to multiple major freeways, including the 2, 5, and 134, connecting residents to Downtown Los Angeles, Hollywood, Pasadena, and the San Fernando Valley within minutes. Public transportation is readily available through nearby Metro bus routes and light rail connections, providing additional convenience for commuters.

The local dining and entertainment scene has become a key attraction, with popular destinations such as Lemon Poppy Kitchen, Habitat Coffee, Verdugo Bar, Dunsmoor, Bub and Grandma's, and Division 3 Café drawing visitors from surrounding neighborhoods. The area also offers a growing number of boutique retailers and creative workspaces that reflect the evolving character of Northeast Los Angeles.

Educational institutions in and around Glassell Park include Benjamin Franklin High School, Fletcher Drive Elementary School, and Alliance Environmental Science and Technology High School, along with nearby private and magnet programs in Eagle Rock and Atwater Village.

Outdoor and recreational amenities are abundant, with residents enjoying proximity to Glassell Park Recreation Center, the Rio de Los Angeles State Park, and the Los Angeles River Greenway. The neighborhood's hillside setting provides scenic views and easy access to hiking trails throughout the San Rafael Hills.

The Los Angeles River Master Plan & 3350 Drew St.

The Los Angeles River Master Plan is a comprehensive, long-range initiative to transform 32+ miles of the Los Angeles River corridor into a connected public open-space, recreation, transit-oriented, and environmental greenway with goals including enhanced flood risk management, river-access trails, restored habitat, water conservation, public amenities, cultural and educational components, and community-focused development.

3350 Drew Street sits within the Glassell Park neighborhood, placing it a short distance from the planned Narrows river corridor enhancements. Given the proximity to the river right-of-way and planned trails and green spaces, the property stands to benefit from increased neighborhood appeal, enhanced outdoor access, and improved connectivity to new recreational, ecological, and public-use amenities along the river.

The Los Angeles River Master Plan was formally adopted in 2022 and is designed as a long-term, phased initiative expected to unfold over the next two to three decades. While the plan outlines a comprehensive vision for improvements along the entire 51-mile river corridor, specific construction timelines have not yet been assigned. Implementation will occur gradually as funding, design work, and agency coordination progress, making the anticipated benefits of the project a long-range but meaningful factor for the surrounding neighborhoods.
