

19 DACRE ST LONDON SW1H 0DJ

Introduction

Comprehensively reinvented for modern business, The Dacre offers seven floors of exceptional, state-of-the-art workspace that embrace the highest standards of sustainability. Complete with terraces and ground floor retail and restaurant offerings, The Dacre is custom made for your ambitious future.

Your neighbourhood

Westminster Abbey. Buckingham Palace. The Houses of Parliament. The city's greatest landmarks are your new neighbours. But while Westminster is rich in history, it is also dynamic and ever-changing, with industries ranging from fashion to tech making the area their home.

The Dacre is situated only a few steps from the greenery of St James's Park and a short way from elegant Mayfair. Nova, one of London's premier shopping and dining destinations, is just around the corner, offering a tantalising menu of restaurants and cafés, boutiques and health facilities.

In the *heart* of London

Work from an office nestled in Central London. Located on a quiet side street, you are just moments away from the West End's best shops, restaurants and cultural venues. You might catch an intriguing exhibition at the Tate Britain, enjoy a long lunch at the Ivy, or work out at 1Rebel Victoria gym. From this calm yet central location, you can enjoy the best that a global city has to offer.

A suite of amenities

Designed by award-winning architects Darling Associates, The Dacre has been thoughtfully planned to elevate the lives of those who work there. High-specification, flexible office layouts are combined with best-in-class air-conditioning for enhanced fresh air.

Building amenities include a specially commissioned reception area to street level, dedicated bicycle lift, secure cycle storage, and state-of-the-art changing facilities. Additionally, generous private terraces on each floor, along with a landscaped roof terrace, give tenants direct and plentiful access to the outdoors.

The Dacre is a building designed for modern life, with leading sustainability credentials.

with integrated seating

Separate male
and female shower
and changing facilities,
with heated lockers

2 x eight person
passenger lifts

Cycle parking with
dedicated bike entrance

Best-in-class
air conditioning

A light welcome

The newly repositioned reception draws light from Victoria Street to cultivate a fresh convivial space. A layered wood-panel feature wall makes a striking first impression, while a simple front desk with white clean lines welcomes visitors. The reflective ceiling effect with well-placed lighting offers additional brightness, while the furnishings contribute pops of colour.

Minimally finished using natural materials, you have a calm arrival before the energy of the office.

An easy commute

New, high end changing facilities make it easy to commute in comfort. The basement includes four showers, remodelled in warm tile and timber finishing. The amenities comprise wide mirrors, space for towel provision, and plug sockets for styling appliances, along with male and female changing rooms. Right next door, there are 30 cycle parking stations, for secure storage, and charging docks for electric bikes.

A wide-angle photograph of a modern, empty office hallway. The space is bright and open, featuring large windows on the left side that offer a view of the outdoors. The ceiling is white with several long, linear recessed lights and a circular light fixture. The floor is made of large, light-colored tiles. A door with a green exit sign is visible in the distance. The overall atmosphere is clean, professional, and inviting.

A premium workspace

Move into offices designed to stimulate minds and spark ideas. The Dacre's high-quality workspaces invite productive collaboration and strategic contemplation. Bright, open offices make it easy to focus and deliver, while access to terraces and St James's exceptional amenities facilitate new partnerships and exchanges between colleagues.

An outdoor haven

Private terraces on floors two and above offer the opportunity to take energising breaks outdoors or hold meetings al fresco.

A communal roof terrace, tastefully landscaped, is perfect for welcoming larger groups and enjoying views over the neighbourhood. For hosting catered events, there is an outdoor sink and fridge.

Cutting edge sustainability

A combination of careful adaptive reuse and the best sustainable practices makes The Dacre more than a state-of-the-art regeneration project.

The building is also your future-proofed office and on track to achieve BREEAM 'Excellent' and EPC A ratings, significantly reducing operational energy requirements.

Retrofit rather than redevelopment to minimise carbon emissions

Demand-driven technology, acting on real-time data

Completely electric

Openable windows to all levels

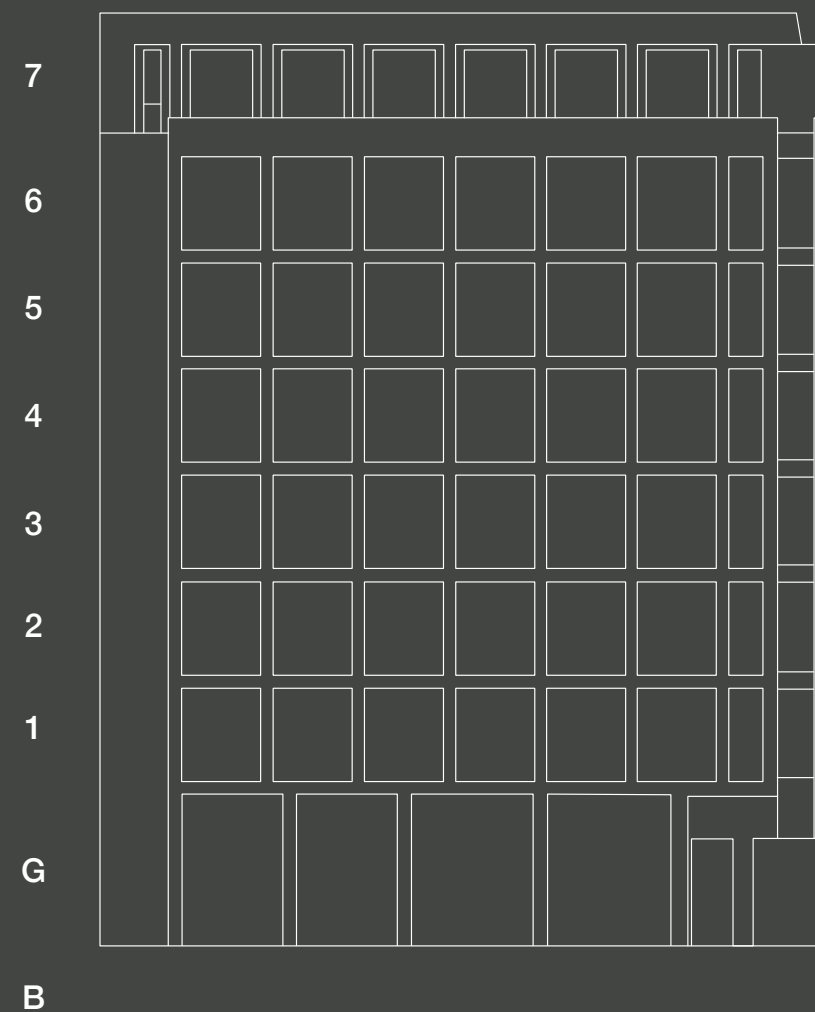

Waste water heat recovery

Air source heat pump
