## 7-Eleven Plans to Open 1,300 New U.S. Convenience Stores by 2030

JESSICA LODER, APRIL 15, 2025 (CSTORE DIVE)

The retailer also expects to roughly double the number of stores that include a QSR, from 1,080 to 2,100, as it gears up for a 2026 IPO.

- 7-Eleven plans to open **1,300 new stores** in North America through **2030**, according to its **parent company** Seven & I Holdings' fiscal **fourth quarter earnings** presentation last week.
- The retailer also expects to roughly double the number of stores with QSRs from **1,080 to 2,100**, incoming CEO Stephen Dacus said during the fiscal Q4 earnings call.
- These growth and **network improvement** plans come as Seven & I is preparing to spin off 7-Eleven's North American **c-store business** into its own public entity in the second half of 2026.

The brand is rolling out larger-format stores with expanded foodservice, projected to drive up to 45% higher sales.

7-Eleven's plan to open **1,300 new stores** through 2030 comes about six months after sharing that it would open **600 stores** over four years, including 500 between **2025 and 2027**. The 2030 target shows that 7-Eleven intends to **ramp up** annual store openings, and it has already increased the number of store openings planned for the next three years from **500 to 550**.

The **1,300 goal** would represent about **10%** of the **12,963 stores** 7-Eleven had in North America in February. It's also more stores than all but four of its c-store competitors have in their entire networks, according to the **NACS top 100**.

It's unclear if this will increase **7-Eleven's** overall store count, since the company also plans to close some underperforming stores. 7-Eleven closed more locations than it opened in **fiscal 2024** and expects to do the same in **fiscal 2025**, according to the company's 2024 summary.

## Seven & i Says It's Looking at Growth in New Regions

JANUARY 09, 2025 (NACS)

The retailer will 'accelerate expansion' and 'seek growth in markets worldwide' amid quarterly profit drop.

Seven & I Holdings, parent company of 7-Eleven, is **developing initiatives** to "unlock its North American **convenience-store** business's potential value as well as optimal capital relations with its banking unit," the Wall Street Journal reported today.

"The retail giant said it will accelerate expansion to new regions to **seek growth** in markets worldwide. ... The company plans to complete its **strategic restructuring** this fiscal year to **achieve profit growth** in the coming years, it said Thursday," wrote the WSJ.

Seven & i Holdings reported a drop in **quarterly net profit**, but "promised to complete restructuring and **seek further growth globally**" after facing buyout proposals from Alimentation Couche-Tard.

Last month, NACS Daily reported that Seven & I Holdings plans to open 500 new convenience stores in the United States and Canada in 2027

For the three months ending November 30, the company's net profit dropped **89%** from a year earlier to **11.39 billion** yen, equivalent to **\$71.9 million**, according to the WSJ.

Operating profit for its Japan-based convenience-store business "declined **8.7%** to **¥55.21 billion** due to lower revenue, higher rent and utility expenses. ... [Yet] Seven & i Holdings kept its revenue and net profit forecasts for the fiscal year ending February. It expects revenue to grow **3.5% to ¥11.879 trillion** but net profit to drop **27% to ¥163.00 billion**," wrote the Journal.

"A company spokesman confirmed an earlier report by Kyodo News about the plan for convenience stores in North America, adding that it was part of Seven & i's strategy to grow to **100,000 stores** in **30 countries** and regions by 2030," according to Reuters.

## 100% Bonus Depreciation for Qualifying Convenience Stores

### What It Is

Full expensing of eligible property in the year it's placed in service—no depreciation over time. Permanently reinstated at 100% for qualifying assets under the One Big Beautiful Bill Act (OBBBA).

### Investor Benefits

- **Tax Benefit:** Investors can deduct 100% of qualified property costs in the year placed into service. There is no expiration or phase-out.
- **Strategic Flexibility:** With bonus depreciation no longer time-sensitive, acquisition decisions can focus on fundamentals and timing that align with investor goals.
- **Convenience stores stand out for their bonus depreciation advantages:** 7-Eleven is the most viable net lease option currently eligible for bonus depreciation, as other corporate c-store brands typically sign ground leases that don't qualify.
