NOTICE OF APPROVAL  
OF  
SURFACE APPLICATION ON-SITE SEWAGE FACILITY  
OSSF PERMIT NO. 2084  
LIMESTONE COUNTY, TEXAS

This serves to notify all persons that the surface application sewage facility owned by Jarrett Stoval, and located at 4202 FM 339 South Groesbeck, Texas 76642, in Limestone County, Texas has satisfied design, construction and installation requirements of Limestone County for the operation of the above identified on-site sewage facility, as long as the following conditions are met:

1. The facility shall be operated at all times in a manner that does not represent a potential health hazard to any person.
2. Irrigation practices shall be designed and managed so as to prevent ponding of effluent or contamination of ground and surface waters and to prevent the occurrence of nuisance conditions in the area. Tailwater control facilities shall be provided to prevent the discharge of any wastewater from the irrigated land.
3. Acceptable maintenance and sampling schedule for the system shall be maintained. A record of these service calls and the services performed shall be maintained by the property owner and be available for inspection. A copy of each service call including any sampling results shall be submitted to the permitting authority by the 15<sup>th</sup> of the next month after the service call. The testing and reporting schedule shall be in accordance with that attached or future revisions as provided by the permitting authority.
4. The system shall not be operated in any way contrary to the approved system design. Any modification after final approval is prohibited unless approved by the permitting authority.
5. Prior to any transfer of this permit or change in control or ownership of facilities authorized by this permit, a new permit must be obtained from the permitting authority in the name of the new owner.
