Property Overview

This land development opportunity located at the south entrance of the Tahoe Reno Industrial Park is a prime investment for a developer looking to capitalize on the growth potential of this rapidly expanding area. The property is located in a qualified opportunity zone, which offers significant tax benefits to investors and owner-users, making it an even more attractive opportunity.

The property is located west of the Silver Springs Airport and contains ± 13.48 total acres. The total land area is divided by a brand new NDOT frontage road, which was completed in July 2020. This frontage road provides easy access to the property and allows for convenient ingress/egress with a left turn in and out from USA Parkway. Through construction of the roadways, multiple utility sleeves were installed improving the utility infrastructure and ability to easily bring more to the sites.

The site has minimal topography with frontage on USA Parkway, which is a major arterial road that connects Reno, Sparks, and Carson City with the Tahoe Reno Industrial Park. The location of the property, combined with its easy access to USA Parkway, makes it an ideal site for a variety of commercial or industrial uses.

The property is divided into 3 sections that can be purchased together or separately, providing flexibility for investors and developers. The property is now zoned commercial, allowing various commercial and industrial uses by right.
